Transaction Charges:

In accordance with SEBI Circular No. IMD/ DF/13/ 2011 dated August 22, 2011 read with circular no. CIR/ IMD/ DF/ 21/ 2012 dated September 13, 2012, the AMC/ Fund shall deduct a Transaction Charge on per purchase / subscription of Rs. 10,000/- and above, as may be received from new investors (an investor who invests for the first time in any mutual fund schemes) and existing investors. Such deduction shall be as under (provided the distributor has opted in to receive the transaction charges):-

- For the new investor a transaction charge of Rs 150/- shall be levied for per purchase / subscription of Rs 10,000/- and above; and
- For the existing investor a transaction charge of Rs 100/- shall be levied for per purchase / subscription of Rs 10,000/- and above.

The transaction charge shall be deducted from the subscription amount and paid to the distributor and the balance amount (net of transaction charges) shall be invested. The transaction charges and the net investment amount and the number of units allotted will be clearly mentioned in the Account Statement issued by the Mutual Fund. Distributors may choose to either option to opt-in or opt out of charging the transaction charge.

In case of investments through Systematic Investment Plan (SIP) the transaction charges shall be deducted only if the total commitment through SIP (i.e. amount per SIP installment x No. of installments) amounts to Rs. 10,000/- and above. In such cases, the transaction charges shall be deducted in 3-4 installments.

However, the Transaction charges shall not be deducted if:

- a) The amount per purchases /subscriptions is less than Rs. 10,000/-;
- b) The transaction pertains to other than purchases/ subscriptions relating to new inflows such as Switch/STP, etc.
- c) Purchases/Subscriptions made directly with the Fund through any mode (i.e. not through any distributor/agent).
- d) The Distributor has opted out for levy of transaction charges.

Upfront commission to distributors shall continue to be paid by the investor directly to the distributor by a separate cheque based on his assessment of various factors including the service rendered by the distributor.

I. Introduction

A. RISK FACTORS

i) Standard Risk Factors

- Investment in Mutual Fund Units involves investment risks such as trading volumes, settlement risk, liquidity risk, default risk including the possible loss of principal.
- As the price / value / interest rates of the securities in which the Scheme invests fluctuates, the value of your investment in the Scheme may go up or down.
- Past performance of the Sponsors/AMC/Mutual Fund does not guarantee future performance of the Scheme.
- The name of the scheme does not in any manner indicate either the quality of the schemes or their future prospects and returns.
- Save as otherwise provided in the Regulations, the Sponsors are not responsible or liable for any loss resulting from the operation of the Scheme beyond the initial contribution of Rs. 1,00,000/- made by it towards setting up the Fund.
- The present scheme is not guaranteed or assured return scheme.

ii) Scheme Specific Risk Factors

1. Risk Factors Associated with Fixed Income and Money Market Instruments:

- a) The Scheme may invest in debt and debt related instruments, as may be permitted by SEBI, from time to time. Trading volumes, settlement periods and transfer procedures may restrict the liquidity of these investments. Different segments of Indian financial markets have different settlement periods and such periods may be extended significantly by unforeseen circumstances. The inability of the Scheme to make intended securities' purchases due to settlement problems could cause the Scheme to miss certain investment opportunities. The length of time for settlement may affect the Scheme in the event the Scheme has to meet an exceptionally large number of redemption requests. The Scheme will retain certain investments in cash or cash equivalents for its day-to-day liquidity requirements.
- b) A fundamental risk relating to all fixed income securities is a chance that an issuer will fail to make a principal and interest payment when due (credit risk). Issuers with higher credit risks typically offer higher yields for this added risk. Conversely, issuers with lower credit risk offer lower credit yields. Generally government securities are considered to be the safest in terms of the credit risk. Changes in financial conditions of an issuer, changes in economic and political conditions in general, or changes in economic or and political conditions specific to an issuer, all of which are factors that may have an adverse impact on a firms credit quality and security values. While it is the intent of the Investment Manager to invest primarily in highly rated debt securities, the Scheme may from time to time invest in higher yielding, lower rated securities. This is likely to enhance the degree of credit risk. The Investment Manager will endeavour to manage credit risk through in-house credit analysis.
- c) All fixed income securities are also affected by changes in interest rates (interest rate risk). The prices of debt securities generally increase as interest rates decline and generally decrease as interest rates rise. Prices of long-term securities generally fluctuate more in response to interest rate changes than the short-term securities. The Debt markets can be volatile leading to the possibility of up or down movements in prices of fixed income securities and thus the possible movements in the NAV. The Scheme may use various hedging products from time to time, as are available and permitted by SEBI, to attempt to reduce the impact of undue market volatility on the Scheme's portfolio.
- d) Debt securities may also be subject to price volatility due to factors such as market perception of the issuer and general market liquidity conditions (market risk).
- e) Lower rated or unrated securities are more likely to react to developments affecting the credit market than highly rated securities, which react primarily to movements in the general level of interest rates. Lower rated securities also tend to be more sensitive to economic conditions than higher rated securities. The Investment Manager will consider both credit risk and market risk in making investment decisions.

- f) The corporate debt market is relatively illiquid vis-à-vis the government securities market. Even though the government securities market is more liquid compared to that of other debt instruments, on occasions, there could be difficulties in transacting in the market due to extreme volatility or unusual constriction in market volumes or on occasions when an unusually large transaction has to be put through.
- g) Zero coupon or deep discount bonds are debt obligations that do not entitle the holder to any periodic payment of interest prior to maturity or a specified date when the securities begin paying current interest and therefore, are generally issued and traded at a discount to their face values. The discount depends on the time remaining until maturity or the date when securities begin paying current interest. It also varies depending on the prevailing interest rates, liquidity of the security and the perceived credit risk of the Issuer. The market prices of zero coupon securities are generally more volatile than the market prices of securities that pay interest periodically and are likely to respond to changes in interest rates to a greater degree than other coupon bearing securities having similar maturities and credit quality.
- h) Apart from normal credit risk, zero coupon bonds carry an additional risk, unlike bonds that pay interest throughout the period to maturity, zero coupon instruments/deferred interest bonds typically would not realise any cash until maturity or till the time interest payment on the bonds commences. If the issuer defaults, the Scheme may not obtain any return on its investment.
- i) The Scheme may invest in securities which are not quoted on a stock exchange ("unlisted securities") which in general are subject to greater price fluctuations, less liquidity and greater risk than those which are traded in the open market. Unlisted securities may lack a liquid secondary market, and there can be no assurance that the Scheme will realise its investments in unlisted securities at a fair market value, if sold in the secondary market
- j) There have been times in the past, when settlements have been unable to keep pace with the volume of securities transactions, making it difficult to conduct further transactions. Delays or other problems in settlement of transactions could result in temporary periods when the assets of the Scheme are not invested and no return is earned thereon.
- k) Prepayment Risk: Certain fixed income securities give an issuer the right to call back its securities before their maturity date, in periods of declining interest rates. The possibility of such prepayment may force the fund to reinvest the proceeds of such investments in securities offering lower yields, resulting in lower interest income for the fund.
- l) Reinvestment Risk: This risk refers to the interest rate levels at which cash flows received from the securities in the Plans are reinvested. The additional income from reinvestment is the "interest on interest" component. The risk is that the rate at which interim cash flows can be reinvested may be lower than that originally assumed.
- m) Settlement Risk: The inability of the Scheme to make intended securities purchases due to settlement problems could cause the Scheme to miss certain investment opportunities. By the same rationale, the inability to sell securities held in the Scheme's portfolio due to the extraneous factors that may impact liquidity would result at times, in potential losses to the Scheme, in case of a subsequent decline in the value of securities held in the Scheme's portfolio.
- n) Regulatory Risk: Changes in government policy in general and changes in tax benefits applicable to Mutual Funds may impact the returns to investors in the Scheme.
- o) The value of the Scheme's investments may be affected generally by factors affecting capital markets, such as interest rates, currency exchange rates, foreign investment, changes in government policy, taxation and political, economic or other developments. Consequently, the net asset value of the Scheme may fluctuate and the value of the Scheme's Units may go down or up. Past performance of the sponsors is not necessarily indicative of future performance of the Scheme.
- p) Money Market instruments are instruments that are generally have maturity of less than one year. The NAV of the Scheme's Units, will be affected by the changes in the level of interest rates.
- q) Investments in money market instruments and debt instruments involve credit risk commensurate with short term rating of the issuers.

2. Risk factors associated with Trading in Derivatives:

Derivatives are high risk, high return instruments as they may be highly leveraged. A small price movement in the underlying security could have a large impact on their value and may also result in a loss.

Derivative products are leveraged instruments and can provide disproportionate gains as well as disproportionate losses to the investor. Execution of such strategies depends upon the ability of the fund manager to identify such opportunities. Identification and execution of the strategies to be pursued by the fund manager involve uncertainty and decision of fund manager may not always be profitable. No assurance can be given that the fund manager will be able to identify or execute such strategies.

The risks associated with the use of derivatives are different from or possibly greater than, the risks associated with investing directly in securities and other traditional investments.

The Fund may use derivative instruments like Interest Rate Swaps, Forward Rate Agreements or other derivative.

Credit Risk: The credit risk is the risk that the counter party will default on its obligations and is generally low, as there is no exchange of principal amounts in a derivative transaction.

Illiquidity risk: The risk that a derivative cannot be sold or purchased quickly enough at a fair price, due to lack of liquidity in the market.

Market risk: Derivatives carry the risk of adverse changes in the market price.

Floating Leg Risk : The fund pays the daily compounded rate. In practice however there can be a difference in the actual rate at which money is lent in the call market and the benchmark, which appears and is used.

In case of a received position in a call rate linked interest rate swaps (OIS), the fund pays the daily compounded rate. In practice however there can be a difference in the actual rate at which money is lent in the call market and the benchmark call rate, which is used in the swap calculations. The risk is to the extent that returns may be impacted to the investors in case of extreme movement in call rates.

It may be mentioned here that the guidelines issued by Reserve Bank of India from time to time for forward rate agreements and interest rate swaps and other derivative products would be adhered to.

Investment exposure of the Fund with reference to Securitised Debt:

The Fund will predominantly invest only in those securitization issuances which have AAA rating indicating the highest level of safety from credit risk point of view at the time of making an investment. The Fund will not invest in foreign securitised debt.

The Fund may invest in various type of securitisation issuances, including but not limited to Asset Backed Securitisation, Mortgage Backed Securitisation, Personal Loan Backed Securitisation, Collateralized Loan Obligation/ Collateralized Bond Obligation and so on.

The Fund does not propose to limit its exposure to only one asset class or to have asset class based sub-limits as it will primarily look towards the AAA rating of the offering.

Risk Factors specific to investments in Securitised and Structured Instruments:

Underlying Risk:

Each asset class has a different underlying risk, however, residential mortgages are supposed to be having lower default rates. On the other hand, repossession and subsequent recovery of commercial vehicles and other auto assets is fairly easier and better compared to mortgages. Some of the asset classes such as personal loans, credit card receivables etc., being unsecured credits in nature, may witness higher default rates. As regards corporate loans/receivables, depending upon the nature of the underlying security for the loan or the nature of the receivable the risks would correspondingly fluctuate. However, the credit enhancement stipulated by rating agencies for such asset class pools is typically much higher and hence their overall risks are comparable to other similarly rated asset classes.

Limited Liquidity & Price Risk:

Presently, secondary market for securitised papers is not very liquid. There is no assurance that a deep secondary market will develop for such securities. This could limit the ability of the investor to resell them. Even if a secondary market develops and sales were to take place, these secondary transactions may be at a discount to the initial issue price due to changes in the interest rate structure.

Limited Recourse, Delinquency and Credit Risk:

Securitised transactions are normally backed by pool of receivables and credit enhancement as stipulated by the rating agency, which differ from issue

to issue. The Credit Enhancement stipulated represents a limited loss cover to the Investors. These Certificates represent an undivided beneficial interest in the underlying receivables and there is no obligation of either the Issuer or the Seller or the originator, or the parent or any affiliate of the Seller, Issuer and Originator. No financial recourse is available to the Certificate Holders against the Investors' Representative. Delinquencies and credit losses may cause depletion of the amount available under the Credit Enhancement and thereby the Investor Payouts may get affected if the amount available in the Credit Enhancement facility is not enough to cover the shortfall. On persistent default of a Obligor to repay his obligation, the Servicer may repossess and sell the underlying Asset.

However many factors may affect, delay or prevent the repossession of such Asset or the length of time required to realize the sale proceeds on such sales. In addition, the price at which such Asset may be sold may be lower than the amount due from that Obligor.

Risks due to possible prepayments:

Asset securitisation is a process whereby commercial or consumer credits are packaged and sold in the form of financial instruments.

Full prepayment of underlying loan contract may arise under any of the following circumstances:

- Obligor pays the Receivable due from him at any time prior to the scheduled maturity date of that Receivable; or
- Receivable is required to be repurchased by the Seller consequent to its inability to rectify a material misrepresentation with respect to that Receivable; or
- The Servicer recognizing a contract as a defaulted contract and hence repossessing the underlying Asset and selling the same.

In the event of prepayments, investors may be exposed to "reinvestment risk".

Bankruptcy of the Originator or Seller

If originator becomes subject to bankruptcy proceedings and the court in the bankruptcy proceedings concludes that the sale from originator to Trust was not a sale then an Investor could experience losses or delays in the payments due. All possible care is generally taken in structuring the transaction so as to minimize the risk of the sale to Trust not being construed as a "True Sale". Legal opinion is normally obtained to the effect that the assignment of Receivables to Trust in trust for and for the benefit of the Investors, as envisaged herein, would constitute a true sale.

Bankruptcy of the Investor's Agent

If Investor's agent, becomes subject to bankruptcy proceedings and the court in the bankruptcy proceedings concludes that the recourse of Investor's Agent to the assets/receivables is not in its capacity as agent/ Trustee but in its personal capacity, then an Investor could experience losses or delays in the payments due under the swap agreement. All possible care is normally taken in structuring the transaction and drafting the underlying documents so as to provide that the assets/receivables if and when held by Investor's Agent is held as agent and in Trust for the Investors and shall not form part of the personal assets of Investor's Agent. Legal opinion is normally obtained to the effect that the Investors Agent's recourse to assets/receivables is restricted in its capacity as agent and trustee and not in its personal capacity.

Credit Rating of the Transaction/Certificate

The credit rating is not a recommendation to purchase, hold or sell the Certificate in as much as the ratings do not comment on the market price of the Certificate or its suitability to a particular investor. There is no assurance by the rating agency either that the rating will remain at the same level for any given period of time or that the rating will not be lowered or withdrawn entirely by the rating agency.

Risk of Co-mingling

The Servicers normally deposit all payments received from the Obligors into the Collection Account. However, there could be a time gap between collection by a Servicer and depositing the same into the Collection account especially considering that some of the collections may be in the form of cash. In this interim period, collections from the Loan Agreements may not be segregated from other funds of the Servicer. If the Servicer fails to remit such funds due to Investors, the Investors may be exposed to a potential loss. Due care is normally taken to ensure that the Servicer enjoys highest credit rating on standalone basis to minimize Co-mingling risk.

Risk Mitigation Measures by AMC:

Nature of Risk	Risk Mitigation Measures by AMC
For making investments in Fixed Income and Money Market Instruments	
Credit Risk: Debt securities are subject to the risk of an issuer's inability to meet principal and interest payments on the obligations.	The fund has a rigorous credit research process. The credit team analyses and approves each issuer before investment by the scheme. There is a regulatory and internal cap on exposure to each issuer. This ensures a diversified portfolio and reduced credit risk in the portfolio.
Liquidity Risk: The corporate debt market is relatively illiquid vis-à-vis the government securities market. Even though the government securities market is more liquid compared to that of other debt instruments, on occasions, there could be difficulties in transacting in the market due to extreme volatility or unusual constriction in market volumes or on occasions when an unusually large transaction has to be put through.	The schemes are envisaged to be actively managed portfolios. The liquidity and volatility of a security are important criteria in security selection process. This ensures that liquidity risk is minimized.
Investing in unrated securities: Lower rated or unrated securities are more likely to react to developments affecting the market and the credit risk than the highly rated securities which react primarily to movements in the general level of interest rates. Lower rated securities also tend to be more sensitive to economic conditions than higher rated securities.	The schemes have a rigorous credit research process and as such all investments, rated or unrated, are analyzed and approved by the credit team before investment by the scheme. Further there is a regulatory and internal cap on exposure to unrated issuers, limiting exposure to unrated securities.
Investing in unlisted securities: The Schemes may invest in securities which are not quoted on a stock exchange ("unlisted securities") which in general are subject to greater price fluctuations, less liquidity and greater risk than those which are traded in the open market. Unlisted securities may lack a liquid secondary market and there can be no assurance that the Schemes will realise its investments in unlisted securities at a fair value.	The scheme will predominantly invest in listed securities and in some instances, invest in securities which are expected to be listed. Further, listing of debt securities typically has no significant impact on the liquidity, trading volatility and price discovery.
Settlement Risk: There have been times in the past, when settlements have been unable to keep pace with the volume of securities transactions, making it difficult to conduct further transactions. Delays or other problems in settlement of transactions could result in temporary periods when the assets of the Scheme are not invested and no return is earned thereon.	The AMC has a strong operations team and well laid out processes and systems, which mitigate operational risks attached with the settlement process.
Investing in Securitised Debt: Investment in securitised debt (especially in pool securities) is subject of prepayment risk i.e. early payment of the principal. Though this will not changed the absolute amount of receivables for the investor, but may have impact on re-investment of the periodic cash flows received by the investor (re-investment risk).	Reinvestment risk is an inherent feature of portfolio management process. It can be managed by investing in securities with relatively low intermittent cash flows.
Reinvestment Risk: This risk refers to the interest rate levels at which cash flows received from the securities in the Plans are reinvested. The additional income from reinvestment is the "interest on interest" component. The risk is that the rate at which interim cash flows can be reinvested may be lower than that originally assumed.	Reinvestment risk is an inherent feature of the portfolio management process. It may be managed, to a certain extent, by seeking to invest in securities with relatively low intermittent cash flows.

B. REQUIREMENT OF MINIMUM INVESTORS IN THE SCHEME:

The Scheme shall have a minimum of 20 investors and no single investor shall account for more than 25% of the corpus of the Scheme. These two conditions shall be complied with, in each subsequent calendar quarter on an average basis, as specified by SEBI. In case of non-fulfillment of the condition of 20 investors in a calendar quarter, the provisions of Regulation 39(2)(c) of the SEBI (MF) Regulations shall become applicable automatically without any reference from SEBI and accordingly the Scheme shall be wound up and the units would be redeemed at applicable NAV. If there is a breach of the 25% limit by any investor over the quarter, a rebalancing period of one month would be allowed and thereafter the investor who is in breach of the rule shall be given 15 days notice to redeem his exposure over the 25% limit. Failure on the part of the said investor to redeem his exposure over the 25% limit within the aforesaid 15 days would lead to automatic redemption by the Mutual Fund on the applicable Net Asset Value on the 15th day of the notice period. The Fund shall adhere to the requirements prescribed by SEBI from time to time in this regard.

C. SPECIAL CONSIDERATIONS

II. Information about the Scheme

A. NAME AND TYPE OF THE SCHEME

DHFL Pramerica Low Duration Fund (An Open Ended Income Scheme)

B. INVESTMENT OBJECTIVE OF THE SCHEME

The objective of the Scheme is to generate income through investment primarily in low duration debt & money market securities.

There is no assurance or guarantee that the investment objective of the scheme will be achieved

C. HOW WILL THE SCHEME ALLOCATE ITS ASSETS?

The asset allocation in the Scheme under normal circumstances will be as follows:

Instruments	Indicative allocations (% of total assets)		Risk Profile**
	Minimum	Maximum	
Debt and money market instruments with maturity upto 1 year*	80%	100%	Low to Medium
Debt instruments with maturity above 1 year *	0%	20%	Low to Medium

Note: *Debt & money market instruments shall be deemed to include securitized debt and investment in securitized debts shall not exceed 50% of the net assets of the Scheme. The Fund shall have a weighted average portfolio maturity in the range of 6 months to 12 months.

Note: The asset allocation shown above is indicative and may vary according to circumstances at the sole discretion of the Fund Manager, on defensive consideration or according to the interest rate view of the Fund Manager. The composition may change due to purchases and redemption of units or during adjustment of the average maturity of investments. Should the asset allocation go outside the limits specified, rebalancing would be conducted within 30 days. Where the portfolio is not rebalanced within 30 Days, justification for the same shall be placed before the Investment Committee and reasons for the same shall be recorded in writing. The Investment committee shall then decide on the course of action. However, at all times the portfolio will adhere to the overall investment objective of the Scheme.

** Risk profile refers to the price risk of the respective asset class. Please refer risk factors for more details.

D. WHERE WILL THE SCHEME INVEST?

The Scheme could invest in debt and money market instruments issued by corporate issuers, structured notes and multilateral agencies. The securities mentioned above could be listed or unlisted, privately placed, secured or unsecured, rated or un-rated and of any maturity, as enabled under SEBI Regulations/circulars/RBI. The securities may be acquired through Initial Public Offerings (IPOs), secondary market operations, private placement, rights offers or negotiated deals.

Money market and debt instruments shall include but shall not be restricted to: -

- Corporate debt and securities (of both public and private sector undertakings) including Bonds, Debentures, Notes, Strips, etc.
- Obligations of banks (both public and private sector) and development financial institutions
- Securitized Debt obligations
- Non-convertible part of convertible debentures.
- Money market instruments as permitted by SEBI/RBI, call money market or in alternative investments for the call money market as may be provided by RBI to meet the liquidity requirements and as defined under The SEBI (Mutual Funds) Regulations, 1996.
- Certificate of Deposits (CDs)
- Commercial Paper (CPs), Usance Bills

- Pass through, Pay through or other Participation Certificates representing interest in a pool of assets including receivables
- Domestic fixed income securities including Structured Obligations
- Derivative instruments like Exchange Traded Interest Rate Futures, Interest Rate Swaps, Forward Rate Agreements and such other derivative instruments as permitted by SEBI/RBI
- Any other like instruments as may be permitted by RBI/SEBI/such other Regulatory Authority from time to time.
- In addition to the securities mentioned above, the Scheme(s) is permitted to invest in securities that is to be listed, unlisted, privately placed, secured, unsecured, rated or unrated securities

The percentages stated in the asset allocation pattern are only indicative and not absolute and that they can vary substantially depending upon the perception of the Investment Manager, the intention being at all times to seek to protect the interests of the Unitholders. The Board of AMC reserves the right to change the above pattern in the interest of the investors depending on the market conditions, market opportunities, applicable regulations and political and economic factors. The Investment Manager may review the above asset allocation / investment pattern based on its views on the markets and liquidity or liability needs. Investors may note that securities which offer higher potential return will usually display higher volatility. Thus the investment portfolio of the Scheme would reflect moderate to high volatility in its equity and equity related investments and low to moderate volatility in its debt and money market investments. The Scheme retains the flexibility to invest across all the securities in the debt and money markets instruments. From time to time it is possible that the portfolio may hold cash. The Scheme will not invest in foreign securitized debt. The Scheme may invest its funds in short-term deposits of scheduled commercial banks pending deployment. The Scheme may also enter into repurchase and reverse repurchase obligations in all securities held by it as per the guidelines and regulations applicable to such transactions.

The Scheme may invest in other Schemes managed by the AMC or in the Schemes of any other Mutual Funds, provided it is in conformity to the investment objectives of the Scheme and in terms of the prevailing Regulations. As per the Regulations, no investment management fees will be charged for such investments and the aggregate inter Scheme(s) investment made by all Schemes of DHFL Pramerica Mutual Fund or in the Schemes under the management of other asset management companies shall not exceed 5% of the net asset value of DHFL Pramerica Mutual Fund.

For the present, the Scheme does not intend to enter into underwriting obligations. However, if the Scheme does enter into an underwriting agreement, it would do so after complying with the Regulations and with the requisite approval of the Board of the AMC/Trustee.

The AMC may invest in any of the schemes of DHFL Pramerica Mutual Fund subject to the SEBI Regulations and circular issued by SEBI and to the extent permitted by its Board of Directors from time to time. The AMC will not charge any fees on such investments.

E. WHAT ARE THE INVESTMENT STRATEGIES?

The Fund Management team endeavours to meet the investment objective of the Scheme. The Scheme shall seek opportunities in the rapidly increasing use of debt markets by corporates across the credit spectrum.

The Fund focuses on enhancing the portfolio by identifying optimum credit opportunities in the market. The key element of this approach is having the ability to analyse and price credit risk for short dated securities. The Scheme shall be actively managed and the Fund Management team shall formulate a view of the credit quality, interest rate movement etc. by monitoring various parameters of the Corporates/Indian economy, as well as developments in global markets. Identifying attractive investment opportunities on the credit maturity spectrum may be key to the performance of this fund. The Scheme may assume moderately higher credit risk as compared to a scheme investing predominantly in AAA bonds/sovereign securities.

Investment views/decisions inter alia may be taken on the basis of the following parameters:

1. Prevailing interest rate scenario
2. Returns offered relative to alternative investment opportunities
3. Quality of the security/instrument (including the financial health of the issuer)

4. Maturity profile of the instrument
5. Liquidity of the security
6. Any other factors considered relevant in the opinion of the Fund Management team.

The Scheme may also use derivatives for hedging and rebalancing of the portfolio. The Scheme may try to identify securities that yield relative value over others for similar risk and liquidity level. Various analytical tools like yield curve analysis, spreads between asset classes, horizon returns, forward implied interest rates, may be deployed to evaluate various investment options. Investments in debt instruments carry various risks like interest rate risk, liquidity risk, default risk, reinvestment risk etc. Whilst these cannot be done away with, they may be minimized by diversification and effective use of hedging techniques.

Debt Market in India

The Indian debt market, one of the largest in Asia, is developing rapidly buoyed by a multitude of factors including new instruments, increased liquidity, deregulation of interest rates and improved settlement systems. The major players in the Indian debt markets today are banks, financial institutions, insurance companies, pension funds, provident funds and mutual funds. The instruments in the market can be broadly categorized as those issued by corporates, banks, financial institutions and those issued by state/central governments. The risks associated with any investments are - credit risk, interest rate risk and liquidity risk. While corporate papers carry credit risk due to changing business conditions, government securities carry zero credit risk. Interest rate risk is present in all debt securities and depends on a variety of macroeconomic factors. The largest segment of the Indian Debt market consists of the Government of India securities where the daily average trading volume is in excess of Rs. 5000 crores, with instrument tenors ranging from short dated Treasury Bills to long dated securities extending upto 30 years. The Corporate bond market, though relatively less liquid, is also fast developing with an increased participation from the banks, Financial Institutions, mutual funds, provident funds, insurance companies and corporate treasuries. Also there are a large number of instruments available like MIBOR linked bonds, commercial papers and medium to long dated fixed and floating rate bonds. The yield curve usually tends to be positive sloping i.e. yield of shorter dated securities being lower than that of longer dated ones.

The money markets in India essentially consist of call money market (i.e. market for overnight and term money between banks and institutions), repo transactions (temporary sale with an agreement to buy back the securities at a future date at specified price), CBLO, commercial papers (CPs, short term unsecured promissory note, generally issued by corporates), certificate of deposits (CDs, issued by banks) and Treasury Bills (issued by RBI). A predominantly institutional market, the key money market players are banks, financial institutions, insurance companies, mutual funds, primary dealers and corporates.

The various instruments currently available for investments are:

Issuer	Instruments	Maturity	Yields (%) as on June 06, 2017	Liquidity
GOI	Treasury Bill	91 days	6.43%	High
GOI	Treasury Bill	364 days	6.27%	High
GOI	Short Dated	1-3 Years	6.45%-6.58%*	High
GOI	Medium Dated	3-5 Years	6.58%-6.77%*	High
GOI	Long Dated	5-10 Years	6.77%-6.64%*	High
Corporate	Taxable Bonds (AAA)	1-3 Years	7.07-7.30%	Medium
Corporate	Taxable Bonds (AAA)	3-5 Years	7.30%-7.39%	Low to medium
Corporate	CPs (A1+)	3 months	6.68%***	Medium to High
Corporate	CPs (A1+)	1 Yr	7.26%***	Medium

*Semi-annual yield **Annualised yield ***Money Market yield

The actual yields will, however, vary in line with general levels of interest rates and debt/money market conditions prevailing from time to time.

Securitisation - Concept

Asset securitisation is a process whereby commercial or consumer credits are packaged and sold in the form of financial instruments. A typical process of asset securitisation involves sale of specific Receivables to a Special Purpose Vehicle (SPV) set up in the form of a trust or a company. The SPV in turn issues financial instruments (e.g., promissory notes, pass through certificates or other debt instruments) to investors, such instruments evidencing the beneficial ownership of the investors in the Receivables. The financial instruments are rated by an independent credit rating agency. An Investor's Agent is normally appointed for providing trusteeship services for the transaction.

On the recommendation of the credit rating agency, additional credit support (Credit Enhancement) may be provided in order that the instrument may receive the desired level of rating. Typically the servicing of the Receivables is continued by the seller in the capacity of the Servicer. Cash flows, as and when they are received, are passed onto the investors.

Features of securitisation transactions include:

- Absolute true sale of assets to an SPV (with defined purposes and activities) in trust for the investors;
- Reliance by the investors on the performance of the assets for repayment - rather than the credit of the Originator (the seller) or the Issuer (the SPV);
- Consequent to the above, "Bankruptcy Remoteness" from the Originator;
- Support for timely payments, inter-alia, in the form of suitable credit enhancements, if required;
- Securitised debt paper usually achieves a high investment grade credit rating;
- There is a diversification of economic risks as credit risk is spread over a diversified group of obligors.

Generally available Asset Classes for securitisation in India

- Commercial Vehicles
- Auto and Two wheeler pools
- Mortgage pools (residential housing loans)
- Personal Loan, credit card and other retail loans
- Corporate loans / receivables

The fund may invest in various type of securitisation issuances as contained in the above table, including but not limited to Asset Backed Securitisation, Mortgage Backed Securitisation, Personal Loan Backed Securitisation, Collateralized Loan Obligation/Collateralized Bond Obligation and so on.

Disclosure requirements for securitized debt

- 1) How the risk profile of securitized debt fits into the risk appetite of the scheme

An evaluation procedure similar to that applied in analyzing plain vanilla debt (commercial paper, non convertible debentures and bonds) will be employed for analyzing securitized debt and assessing their eligibility for the various open ended and close ended fixed income portfolios. We will also analyze the risk profile in such instruments so that they are more or less in line with plain vanilla debt and in line with the investment objectives from a risk profile perspective for the various investing schemes.
- 2) Policy relating to originators based on nature of originator, track record, NPAs, losses in earlier securitized debt, etc is as follows:
 - (a) Track record - This is a key parameter that we consider at the time of analyzing the transaction. Originators with long track record of operation lend a greater degree of comfort, as they have a longer operating credit history which can be assessed. The track-record would vary depending on the obligor/originator. Further the track-record of having undertaken such transactions are also evaluated. Most of the entities which undertake such transactions in the Indian market have both a long track-record of operations and a history of having undertaken securitization transactions.
 - (b) Willingness to pay, through credit enhancement facilities etc. - In this case the stand alone credit assessment of the obligor is carried

out to indicate the overall financial health. In the case of retail pool securitization transactions, credit enhancement levels offered at the start and the overall utilization levels during the tenor of the transaction is analyzed to reflect the credit comfort and cushion available.

- (c) Ability to pay- this is the outcome of the stand-alone credit assessment of the issuer which is arrived after analyzing the income statement and balance sheet of the obligor. This aspect is key in the case of single loan sell down transactions, since the final repayment is to be made by the obligor and is directly dependent on its overall financial health. This aspect is also usually reflected in the stand-alone credit rating of the company which primarily captures the credit risk i.e the ability to honour financial obligations to lenders in a timely fashion.
- (d) Business risk assessment, wherein following factors are considered:
- Outlook for the economy (domestic and global) - this forms part of the usual credit assessment and the macro analysis. This will have a impact on the business risk of the obligor.
 - Outlook for the industry - external risks are analyzed here and their impact on the business risk is analyzed. Opportunities and threats as part of the swot analysis are analyzed.
 - Company specific factors - the strengths and weaknesses of the company are critically analyzed here

In addition a detailed review and assessment of rating rationale should be done including interactions with the company as well as agency - The latest rating assessment report is studied to understand the key strengths and risks faced by the issuer/obligor. It has been our practice to discuss the rating report with the rating agency in order to understand the finer credit aspects and the impact it could have on the financial health and rating. As part of the due diligence, we also hold discussions with the obligors/originators which help in getting a better insight into their background.

Critical Evaluation Parameters (for pool loan and single loan securitization transactions) regarding the originator / underlying issuer is as follows:

Default track record/frequent alteration of redemption conditions/ covenants - all transaction conditions and covenants are analyzed to examine any flexibility available to the obligor/originator to alter the terms and conditions which can impact the investor position. If any of these conditions are un-favourable, then these are negotiated/alterd at the start of the transaction.

High leverage ratios of the ultimate borrower (for single-sell downs) - both on a standalone basis as well on a consolidated level/ group level - financial analysis of balance sheet and income sheet ratios forms critical part of credit analysis, since factors such as gearing will determine both the credit rating as well as debt servicing and final repayment. High gearing also may limit the ability of the obligor to seek additional funding from the market on a timely basis to meet any maturing obligations. Hence this aspect is very crucial in the analysis.

Higher proportion of reschedulement of underlying assets of the pool or loan, as the case may be - we analyze the pool at start to ensure that there are no major rescheduled assets within the pool, since any

deterioration of such assets could weaken the pool's overall asset quality and could lead to higher credit enhancement utilization.

Higher proportion of overdue assets of the pool or the underlying loan, as the case may be - quality of the retail pool at start is important as it could have a significant impact on the pool's performance during its tenor.

Poor reputation in market - originators/obligors with poor reputation and/ or financial health are usually discarded during our credit evaluation, since asset quality could quickly deteriorate in some cases which could impair debt servicing and repayment. Further, such obligors would also find it difficult to tap the market to raise funds if needed to meet any maturing financial obligations.

Insufficient track record of servicing of the pool or the loan, as the case may be - since we critically assess track-record of operations of the obligor/originator, any shortfall in this parameter would be captured in our analysis. We usually prefer obligors/originators with reasonable operating history since it offers adequate credit history for purpose of credit analysis.

- 3) Risk mitigation strategies for investments with each kind of originator is as follows:
- (a) Size and reach of the originator - different originators have varying levels of reach and access. Besides different originators operate in different geographies and consumer segments. Also the asset classes that they originate could be different depending on their target profitability, risk tolerance levels and support infrastructure for disbursing loans and making recoveries and collections. We usually look for originators possessing fair degree of diversification in their operation (metros/ semi urban and rural markets), asset classes (collateralized assets are preferred such as cars, commercial vehicles, construction equipment etc.) and with a fairly robust collection infrastructure. Most of the regular names that we invest comply with these requirements.
- (b) Collection process, infrastructure and follow-up mechanism - we usually prefer originators who possess in-house capabilities and infrastructure as regards disbursements, collections and recoveries since it has been historically proven that such entities usually exhibit better asset quality in the long run. Most of the originators in our universe fall in this category.
- (c) Quality of MIS - data quality and timely availability is critical in the asset financing business. We stress on this aspect and look for entities which have robust MIS and have networked branches so that MIS generation is faster, efficient and senior management is in a position to take timely decisions.
- (d) Credit enhancement for different type of originator - this varies between originators and is usually determined and specified by the originator. The rating agency usually established the base case losses for the originator and for the specific asset category and then applies a stress facto depending on their own assessment of the originators financial health, and other strengths and weaknesses as also the prevailing macroeconomic factors which can impact overall asset quality.
- 4) The level of diversification with respect to the underlying assets, and risk mitigation measures for less diversified investments

Following framework will be applied while evaluating investment decision relating to a pool securitization transaction:

Characteristics/Type of Pool	Mortgage Loan [#]	CV & CE [§]	Cars	2 Wheelers	Micro Finance Pools [@]	Personal Loans	Single Sell Downs
Approximate Average maturity (in Months)*	36-72	12-30	12-30	12-18	3-15	12-24	12-24
Collateral margin (including cash, guarantees, excess interest spread, subordinate tranche)	Min :10	5-25	5-25	Min : 15	Min : 10	Min : 15	–
Average Loan to Value Ratio (%)	70-90	65-85	65-85	50-75	60-85	NA	–
Average seasoning of the Pool (mths)	6-12	3-6	3-6	3-6	1-3	3-6	–
Maximum single exposure range %	5-15	5-15	5-15	5-10	5-15	5-10	5-15
Average single exposure range %	10	10	10	7.5	10	7.5	10

1. Kindly note that these are indicative ranges and final figures could vary depending upon the overall characteristics of the transaction and market conditions.
2. Also since most of the transactions are composite in nature i.e they have more than one asset class the actual cash level would be finalized based on the final mix.
3. #Mortgage loans are usually not clubbed with other asset classes since the average tenors are different for these asset classes. Hence mortgage loan pools are usually issued separately. Hence we have indicated 100 % under this asset class.
4. @Micro finance pools are also issued separately and not clubbed with other asset classes. Hence we have indicated 100% under Micro Finance pools under maximum exposure.
5. The percentages indicated in the table above is with reference to investments in securitized debt instruments, subject to investment restrictions as per the regulations.
6. * The Scheme shall invest in securitized debt instruments maturing on or before the maturity of the Scheme.

Risk mitigating measures

- (a) Size of the loan - the overall fund raising plan of the obligor/originator is examined to assess the impact it would have on overall gearing and debt servicing
- (b) Average original maturity of the pool - This is also important from a point of indicating how quickly the pool will liquidate as the underlying assets mature and pay-off. This parameter would impact interest rate sensitivity of the security.
- (c) Loan to Value Ratio - the LTV varies from issuer to issuer and also within asset classes. Based on our past experience and empirical data, we examine the LTV levels, since these have a critical link to the final recoveries in the case of default.
- (d) Average seasoning of the pool - this may also vary between originators. Higher seasoning at the start will offer better visibility on future delinquencies. Pools with higher average seasoning which depict low delinquencies usually tend to have satisfactory asset quality over the life of the transaction. We prefer to invest in pools which have average seasoning of at least 3-4 months at the start since any early delinquencies can be removed at the time of pool finalization.
- (e) Default rate distribution - this is studied using empirical data for the originator. This is also a critical data used by the rating agency in determining the credit enhancement levels to be stipulated.
- (f) Geographical Distribution - all pools usually have assets which are geographically diversified, since this reduces the default risk.
- (g) Credit enhancement facility - very critical especially in the case of retail pools since delinquencies and final asset losses are absorbed using cash so that there is no shortfall in investor servicing.
- (h) Liquidity facility - in some cases in addition to the credit enhancement facility there is also a liquidity facility available which is useful to meet any shortfalls arising from delayed collections (delinquencies) in the pool. If an explicit liquidity facility is not provided in the transaction, then the credit enhancement facility is used for the said purpose. Note however that the liquidity facility is only available to be used for standard assets i.e assets wherein the days past due do not exceed 90.
- (i) Structure of the pool - we will invest in both single loan securitization transactions and retail pool securitization transactions. Single loan securitization transactions will essentially be loans which are repackaged as pass through certificates (PTCs) and sold to potential investors. These may be collateralized i.e. backed by certain fixed assets of the issuers. In the case of retail pool securitization transactions, we will have underlying retail loans from various asset classes such as cars, CVs, construction equipment etc.

The above framework including the above mentioned risk mitigating measures will be applied at the time of analyzing pool PTC transactions.

In the case of composite PTC pools i.e. pools with more than one asset class, each of the asset categories will be assessed separately in order to arrive at the overall risk profile of the composite pool.

- 5) Minimum retention period of the debt by originator prior to securitization - there is usually no stipulation on the minimum retention period of debt by the originator in the case of single loan PTCs. We follow our usual investment guidelines in evaluating the eligibility of the security for our portfolios. This is usually in compliance with extant regulations on securitization.

In the case of ABS securities (pool PTCs), assets are usually sold down by the originators after a period of 1-2 months from their date of origination. This helps in identifying any delinquencies in these assets and creating a high quality pool.
- 6) Minimum retention percentage by originator of debts to be securitized - we usually do not stipulate a minimum retention percentage of the debt securitized by the originator. Our investment decision is based on our independent assessment of the credit risk / other risks specific to the transaction.
- 7) The mechanism to tackle conflict of interest when the mutual fund invests in securitized debt of an originator and the originator in turn makes investments in that particular scheme of the fund - all investment decisions are led by stand-alone assessments of the securities (PTC) from a credit, liquidity and market risks amongst others. Our internal process and reporting platforms are designed to ensure complete independence of the credit research & investment process from sales business.
- 8) The resources and mechanism of individual risk assessment with the AMC for monitoring investment in securitized debt - in addition to the usual practice followed in the case of plain vanilla debt ratings, we will follow a process of regular monitoring of rating movement. Monthly data on pool performance is received in the case of ABS transactions from the Trustee to the transaction. These reports are scanned to check for any change in asset quality and related impact on debt servicing and any impact that it can have on the credit ratings.

Hedging Policies in connection with Trading in Derivatives

SEBI vide its circular no. MFD/CIR/011/061/2000 dated February 1, 2000 has permitted all the mutual funds to participate in the derivatives trading subject to observance of guidelines issued by SEBI in this behalf. Pursuant to this, the mutual funds may use various derivative and hedging products from time to time, as would be available and permitted by SEBI, in an attempt to protect the value of the portfolio and enhance Unit holders' interest.

Pursuant to SEBI Circular no. MFD/CIR/21/25467/2002 dated December 31, 2002, MFD/CIR No. 03/158/03 dated June 10, 2003, /CIR No. 4/2627/2004 dated February 6, 2004, DNP/Cir-30/2006 dated January 20, 2006, SEBI Circular/IMD/DF/11/2010 dated August 18, 2010 and such other circular issued by SEBI from time to time in this regard, the Fund may use derivative instruments like Interest Rate Swaps, Forward Rate Agreements, stock future or other derivative instruments for the purpose of hedging and portfolio balancing or for its efficient management.

Derivative instruments may take form of Interest rate swaps, Forward rate agreements and such other derivative instruments as may be available from time to time and appropriate for the portfolio.

The risks and returns ensuring from such investments are explained herein below:

Interest rate Swaps

An interest rate swap is an agreement whereby two parties agree to exchange periodic interest payments. The amount of interest payments exchanged is based on some predetermined principal, called notional principal amount. The amount each counter party pays to the other is the agreed upon periodic interest rate multiplied by the notional principal amount. The only amount that is exchanged between the parties are the interest payment, not the notional principal amount.

A Forward Rate Agreement, on the other hand, is an agreement between two counter parties to pay or to receive the difference between an agreed fixed rate (the FRA rate) and the interest rate prevailing on a stipulated future date based on a notional amount, for an agreed period.

In the most common type of swap one party agrees to pay the other party fixed interest payments at designated dates for the life of contract. The other party agrees to make interest rate payments that float with some index.

The interest rate benchmarks that are commonly used for floating rate in an interest rate swap are those on various money market instruments. In Indian markets the benchmark most commonly used is MIBOR.

Swaps can be unwound by either reversing the original swap entered into or doing by a reverse swap with cash flows matching the original swap.

Example: Interest Rate Swap (IRS)

- Suppose the Scheme has a portion of its portfolio in cash. The Fund Manager has a view that the interest rate scenario is soft and call rates are unlikely to spurt over the next three months. The fund manager would therefore prefer to receive a higher rate of return on his cash, which he is lending in the overnight call market. In other words he would like to move to a 91 Day fixed interest rate from overnight floating rate

- In the above example

Say Notional Amount: Rs. 5 crores

Benchmark: NSE MIBOR

Tenor: 91 days

Fixed Rate: 6.25% At the end of 91 days

The Scheme Pays: compounded call rates for 91 days, which averages to say 5.90%

The Scheme receives fixed rate at 6.25% for 91 days.

At the end of 91 days the transaction will be settled as under:-

Fund receive Fixed rate @ 6.25% for 91 days Rs. 7,79,110

Fund pays floating rate @ 5.90% for 91 days amounting to Rs. 7,35,479

Net Receivable/Settlement Value Rs. 43,631

The Scheme may use derivative instruments primarily to protect the value of portfolio against potential risks such as interest rate risk, credit risks, reinvestment risk and liquidity risks. This protection is also known as hedge. At the same time, however, a properly correlated hedge will result in a gain in the portfolio position being offset by a loss in the hedge position. As a result, the use of derivatives could limit any potential gain from an increase in value of the position hedged. In addition, an exposure to derivatives in excess of the hedging requirement can lead to losses. IRS and FRAs do also have inherent credit and settlement risks. However, these risks are substantially reduced as they are limited to the interest streams and not the notional principal amounts.

Derivative instruments offer unique advantages like security exposures without the attendant execution and settlement risk. Derivative instruments carry a high risk return ratio. It is like a insurance policy where one has to pay the premium up-front and the benefit is contingent upon an event. Derivative instrument if used on a leveraged basis could distort the risk return ratio considerably even with a small price movement (the scheme will not take a leveraged exposure). It requires a high level of knowledge, understanding and surveillance to control risk.

The Scheme, however, will use the derivative instruments very judiciously and keep in mind the overall objective the scheme.

The Trustees shall offer their comments on the above aspects in the report filed with SEBI under sub regulation (23) (a) of regulation 18 of Securities and Exchange Board of India (Mutual Funds) Regulations, 1996.

Risk Control

Since investing requires disciplined risk management, the AMC would incorporate adequate safeguards for controlling risks in the portfolio construction process.

The risk control process involves reducing risks through portfolio diversification, taking care however not to dilute returns in the process. The AMC believes that this diversification would help achieve the desired level of consistency in returns. Stock specific risk will be minimized by investing only in those companies that have been analyzed by the Investment Team at the AMC. For investments in debt securities, the AMC aims to identify securities, which offer superior levels of yield at lower levels of risks. With

the aim of controlling risks, rigorous and in-depth credit evaluation of the securities proposed to be invested in, will be carried out by the investment team of the AMC. Rated Debt instruments in which the Scheme invests will be of investment grade as rated by a credit rating agency. The AMC will be guided but not limited by the ratings of Rating Agencies such as CRISIL, CARE, ICRA and Fitch or any other rating agencies that may be registered with SEBI from time to time. In case a debt instrument is not rated, investment will be in accordance with Guidelines approved by the Board. Further, all investments in the unrated paper are periodically reviewed by Investment Committee and the Board of AMC & Trustee Company.

The Scheme may also use various derivatives and hedging products from time to time, as would be available and permitted by SEBI, in an attempt to protect the value of the portfolio and enhance Unitholders' interest.

Portfolio Turnover

Portfolio turnover is defined as the aggregate of purchases and sales as a percentage of the corpus of the Scheme during a specified period of time. Portfolio turnover in the Scheme will be a function of market opportunities. The economic environment changes on a continuous basis and exposes debt portfolio to systematic as well as nonsystematic risk. Consequently, it is difficult to estimate with any reasonable measure of accuracy, the likely turnover in the portfolio.

The Investment Manager will endeavour to optimise portfolio turnover to optimise risk adjusted return keeping in mind the cost associated with it. A high portfolio turnover rate is not necessarily a drag on portfolio performance and may be representative of arbitrage opportunities that exist for scrip/securities held in the portfolio rather than an indication of a change in AMC's view on a scrip, etc.

Change in Investment Pattern

Subject to the Regulations, the asset allocation pattern indicated above for the Scheme may change from time to time, keeping in view market conditions, market opportunities, applicable regulations and political and economic factors. It must be clearly understood that the percentages stated above are only indicative and not absolute and that they can vary substantially depending upon the perception of the Investment Manager, the intention being at all times to seek to protect the interests of the Unitholders, and meet the objective of the relevant Scheme/Plan. Such changes in the investment pattern will be for short term and defensive considerations.

F. FUNDAMENTAL ATTRIBUTES

The investment objective together with the investment approach and the investment pattern comprise the principal fundamental attributes of the Scheme. Following are the Fundamental Attributes of the Scheme(s), in terms of Regulation 18 (15A) of the SEBI (MF) Regulations:

- (i) Type of a Scheme :** Please refer to Section II of this SID (titled 'Information About The Scheme')

- (ii) Investment Objective**

- Main Objective Please refer to Section II of this SID (titled 'Information About The Scheme')
- Investment pattern Please refer to the section "How will the Scheme Allocate its Assets" in Section II (titled 'Information About The Scheme')

- (iii) Terms of Issue**

Terms of Issue relating to listing, re-purchase, redemption, fees and expenses; and Annual Scheme Recurring Expenses (as % of daily average net assets) are detailed in Section III titled "Units and Offer" and Section IV titled "Fees and Expenses".

The Scheme does not provide any guaranteed or assured return.

In accordance with Regulation 18(15A) of the SEBI (MF) Regulations, the Trustee will ensure that no change in the Fundamental Attributes of the Scheme or the Trust or fees and expenses payable or any other change which would modify the Scheme and Options thereunder and affect the interest of the Unit holders is carried out unless:

- a written communication about the proposed change is sent to each Unit holder and an advertisement is given in one English daily newspaper having nationwide circulation as well as in a newspaper published in the language of the region where the head office of the Mutual Fund is situated; and

- b. the Unit holders are given an option for a period of 30 days to exit at the prevailing NAV without any exit load.

G. HOW WILL THE SCHEME BENCHMARK ITS PERFORMANCE?

CRISIL Liquid Fund Index is the Benchmark for the Scheme.

The CRISIL Liquid Fund Index has been designed for capturing the realistic mix in the portfolio of a market participant, assuming that the mix of the various instruments used while arriving at the returns for the Liquid Index is representative of the actual portfolio mix of the market participants in this particular market segment. The CRISIL Liquid Fund Index is framed using the returns of the Call Index and the CP Index.

I. WHAT ARE THE INVESTMENT RESTRICTIONS?

Following investment restrictions contained in the Seventh Schedule to SEBI (Mutual Funds) Regulations, 1996 as amended from time to time are presently applicable to the Scheme:

Investment Restrictions In Debt Instruments

- The Scheme shall not invest more than 10% of its net assets in money market and non money market instruments issued by a single issuer, which are rated not below investment grade by a credit rating agency authorized to carry out such activity under the SEBI Act. Such investment limit may be extended to 12% of the net assets of the Scheme with the prior approval of the Trustees and the Board of the AMC. Provided that, such limit shall not be applicable for investments in Government securities, treasury bills and collateralized borrowing and lending obligations. Provided further that investment within such limit can be made in mortgage backed securitised debt which is rated not below investment grade by a credit rating agency registered with SEBI. As per SEBI Circular no. SEBI/IMD/CIR No.6/63715/06, with respect to investment in securitized debt (mortgage backed securities / asset backed securities) restrictions at the originator level will not be applicable.
- The Scheme shall not invest more than 10% of its net assets in unrated debt instruments issued by a single issuer and the total investment in such instruments shall not exceed 25% of the net assets of the Scheme. All such investments shall be made with the prior approval of the Trustees and the Board of the AMC or a committee constituted in this behalf.
- Schemes shall not have total exposure exceeding 25% of its net assets in a particular sector (excluding investments in Bank Certificate of Deposits Short Term Deposits with scheduled commercial banks, CBLO, Government of India Securities, Treasury Bills and AAA rated Securities issued by Public Financial Institutions and Public Sector Banks). Provided that an additional exposure to financial services sector (over and above the limit of 25%) not exceeding 15% of the net assets of the Scheme shall be allowed by way of increase in exposure

Since CRISIL Liquid Fund Index is a convenient, appropriate and easily available tool for analysis and capture of market movements for short term instruments as mentioned above, we are of the opinion that this index would serve as an appropriate benchmark for comparing the returns of the Scheme.

The Trustee/AMC reserves the right to change the benchmark for evaluating the performance of the Scheme from time to time, in conformity with the investment objective of the Scheme and the appropriateness of the benchmark, subject to SEBI guidelines and other prevalent guidelines.

to Housing Finance Companies (HFCs) only. Provided further that the additional exposure to such securities issued by HFCs are rated AA and above and these HFCs are registered with National Housing Bank and the total investment/exposure in HFCs shall not exceed 25% of the net assets of the Scheme.

- Total exposure of the Schemes in a group (excluding investments in securities issued by Public Sector Units, Public Financial Institutions and Public Sector Banks) shall not exceed 20% of the net assets of the Scheme. Such investment limit may be extended to 25% of the net assets of the Scheme with the prior approval of the Board of Trustees. For this purpose, a group means a group as defined under regulation 2 (mm) of SEBI (Mutual Funds) Regulations, 1996 (Regulations) and shall include an entity, its subsidiaries, fellow subsidiaries, its holding company and its associates.
- Inter-Scheme transfer of investments shall be in accordance with the provisions contained in the Statement of Additional Information under the section 'Inter-scheme transfer of investments'. Transfer of investments from one scheme to another scheme in the Mutual Fund is permitted provided -
 - such transfers are done at the prevailing market price for quoted instruments on Spot Basis (Explanation: Spot Basis shall have the same meaning as specified by a stock exchange for spot transactions); and
 - the Securities so transferred shall be in conformity with the investment objective of the Scheme to which such transfer has been made.
- The Scheme may invest in another scheme managed by the same AMC or by the asset management company of any other mutual fund. The aggregate inter-scheme investment in line with the investment objectives, made by all the schemes under the same management or in schemes under management of any other asset management company shall not exceed 5% of the net asset value of the Fund. No investment management fees shall be charged by the Scheme for investing in other schemes of the Mutual Fund or in the schemes of any other mutual fund.

- The Mutual Fund shall get the Securities purchased or transferred in the name of the Fund on account of the Scheme, wherever investments are intended to be of a long-term nature.
- The Mutual Fund shall buy and sell securities on the basis of deliveries and shall in all cases of purchases take delivery of the relevant securities and in all cases of sale, deliver the securities. The Mutual Fund may however engage in short selling of securities in accordance with the framework relating to short selling and securities lending and borrowing specified by SEBI. Provided further that the Mutual Fund shall enter into derivatives transactions in a recognised stock exchange, subject to the framework specified by SEBI and that sale of government securities already contracted for purchase shall be permitted in accordance with the guidelines issued by the RBI in this regard.
- The Scheme shall not invest in a Fund of Funds scheme.
- The Scheme shall not make any investment in:
 - a. Any unlisted security of an associate or group company of the Sponsors; or
 - b. Any security issued by way of private placement by an associate or group company of the Sponsors; or
 - c. the listed Securities of group companies of the Sponsors which is in excess of 25% of the net assets of the Scheme of the Mutual Fund.

Investment Restrictions in Short Term Deposits of Scheduled Commercial Banks:

Pending deployment of funds of a Scheme in terms of the investment objectives of the Scheme, the AMC may invest the funds of the Scheme in short term deposits of scheduled commercial banks in accordance with the guidelines set out by SEBI under the Regulations.

- a. "Short Term" for parking of funds shall be treated as a period not exceeding 91 days.
- b. Such short-term deposits shall be held in the name of the Scheme.
- c. The Scheme shall not park more than 15% of the net assets in short term deposit(s) of all the scheduled commercial banks put together. However, such limit may be raised to 20% with the approval of the Trustee.
- d. Parking of funds in short term deposits of associate and sponsors scheduled commercial banks together shall not exceed 20% of total deployment by the Mutual Fund in short term deposits.
- e. The Scheme shall not park more than 10% of the net assets in short term deposit(s), with any one scheduled commercial bank including its subsidiaries.
- f. The Scheme shall not park funds in short-term deposit of a bank which has invested in the said Scheme.
- g. The AMC will not charge any investment management and advisory fees for funds under the respective Schemes parked in short term deposits of scheduled commercial banks.
- h. The above norms do not apply to term deposits placed as margins for trading in cash and derivatives market. However, all term deposits placed as margins shall be disclosed in the half yearly portfolio statements under a separate heading. Details such as name of bank, amount of term deposits, duration of term deposits, percentage of NAV should be disclosed.

Investment Restrictions pertaining to Derivatives:

Mutual Funds may enter into plain vanilla interest rate swaps for hedging purposes. The counter party in such transactions has to be an entity recognized as a market maker by RBI. Further, the value of the notional principal in such cases must not exceed the value of respective existing assets being hedged by the Scheme. Exposure to a single counterparty in such transactions should not exceed 10% of the net assets of the Scheme.

The investment restrictions applicable to the Schemes' participation in the derivatives market will be as prescribed by SEBI or by the Trustees (subject to SEBI requirements) from time to time. As per SEBI Circular no. Cir/ IMD/ DF/ 11/ 2010 dated August 18, 2010, the aggregate asset allocation including exposure to derivatives will not exceed 100% of the net assets; and that same security wise hedge positions would be excluded from the same.

Investment Restrictions pertaining to participation in Repos in Corporate debt securities

- The gross exposure of any mutual fund scheme to repo transactions in corporate debt securities shall not be more than 10 % of the net assets of the concerned scheme.
- The cumulative gross exposure through repo transactions in corporate debt securities along with equity, debt and derivatives shall not exceed 100% of the net assets of the concerned scheme.
- Mutual funds may participate in repo transactions only in AAA rated corporate debt securities.

Borrowing & Lending by the Fund and Other Restrictions:

- The Fund shall not borrow except to meet temporary liquidity needs of the Fund for the purpose of repurchase / Redemption of Units or payment of interest and Dividend to the Unitholders. Provided further that the funds so borrowed to meet temporary liquidity needs shall not exceed 20% of the net assets of the Scheme and the duration of the borrowing shall not exceed a period of 6 months. The Fund may raise such borrowings, secured or unsecured, from any person or entity as it may deem fit, including Sponsors or Shareholders of any of their associate / group / affiliate entities or banks, after approval by the Trustee, at market related rates.
- No loans for any purpose shall be advanced by the Scheme.
- If the Mutual Fund holds an aggregate of securities which are worth Rs.10 Crores or more, as on the latest balance sheet date, it shall, subject to such instructions as may be issued from time to time by the Board of the AMC, settle its transactions only through dematerialized Securities. Further all transactions in government securities shall be in dematerialised form.
- **Apart from the investment restrictions prescribed under the Regulations, internal risk parameters for limiting exposure to a particular scrip or sector may be prescribed from time to time to respond to the dynamic market conditions and market opportunities.**
- The Scheme will comply with any other limit or restriction as may be applicable to the investments of mutual funds under the Regulations from time to time.

The Trustee or AMC may alter the above restrictions from time to time to the extent that changes in the Regulations may allow. All investment restrictions as prescribed under the SEBI Regulations, as amended from time to time, shall be applicable at the time of making investment.

	<p>1. Growth Option</p> <p>Under this Option, no dividend will be declared. The income attributable to Units under this option will continue to remain invested in the Scheme and will be reflected in the Net Asset Value of Units under this Option. Hence, the unit holders who opt for this Option will not receive any dividend.</p> <p>2. Dividend Option</p> <p>Under Dividend Option, dividends will be declared subject to availability of distributable surplus calculated in accordance with SEBI (MF) Regulations, at the discretion of the Trustee.</p> <p>On payment of dividend, the NAV of the units under Dividend option will fall to the extent of the dividend amount and Dividend Distribution Tax u/s. 115R of the Income Tax Act, 1961 and applicable statutory levies, if any. If any of the record date falls on a Non-Business Day, the record date shall be immediately following Business Day.</p> <p>a. Dividend Reinvestment</p> <p>Under this facility, the dividend amount will be compulsorily re-invested in the Dividend Option (at the applicable ex-dividend NAV). There will no pay out of dividend. The amount of dividend re-invested will be net of dividend distribution tax and statutory levy, if any. The additional Units created by way of reinvestment of dividend would be added to the units already held by the Unitholder. The dividends so re-invested shall constitute a constructive payment of dividends to the Unitholders and a constructive receipt of the same amount from each Unitholder for reinvestment in Units of the Dividend Option. There shall be no load on the dividends so re-invested.</p> <p>b. Dividend Payout:</p> <p>Under this facility, dividend declared, if any, will be paid, subject to deduction of dividend distribution tax and statutory levy, if any.</p> <p>c. Dividend Sweep Facility (DSF):</p> <p>Under DSF, the investors may opt to automatically transfer (invest) the net dividend amount (i.e., net of statutory levy / taxes, if any) payable under the Scheme ("Source Scheme") into any other scheme ("Target Scheme") of the Mutual Fund on the ex-dividend date i.e., the immediate next business day after the Record Date, into the Target Scheme, at the applicable NAV of the Target Scheme and accordingly applicable number of units will be allotted in the Target Scheme, subject to the terms and conditions of the respective Target Scheme. For terms and conditions of DSF, please refer "Special Products available" under sub-section "B - Ongoing Offer Details" of section "III - Units and Offer" of this Scheme Information Document.</p> <p>It must be distinctly understood that the actual declaration of dividend and frequency thereof is at the sole discretion of Board of Directors of the Trustee Company. There is no assurance or guarantee to the Unit holders as to the rate of dividend distribution nor that will the dividend be paid regularly.</p> <p>Default Option/Plan/ Frequency:</p> <p>The investor must clearly specify his/her choice of Option/Plan in the application form, in the absence of which, the Default Option / Plan / frequency would be applicable and the application will be processed accordingly:</p> <p>Default Option: Growth Option</p> <p>Default Sub-option under Dividend Option: Reinvestment</p> <p>Default Frequency under Dividend Option: Daily Dividend</p> <p>If the amount of Dividend payable under the Dividend Payout facility is Rs. 500/- or less, then the Dividend would be compulsorily reinvested in the option of the Scheme.</p>

Special Products available	<p>Dividend Sweep Facility (DSF):</p> <p>Under DSF, the investors may opt to automatically transfer (invest) the net dividend amount (i.e., net of statutory levy / taxes, if any) payable under the Scheme ("Source Scheme") into any other scheme ("Target Scheme") of the Mutual Fund on the ex-dividend date i.e., the immediate next business day after the Record Date, into the Target Scheme, at the applicable NAV of the Target Scheme and accordingly applicable number of units will be allotted in the Target Scheme, subject to the terms and conditions of the respective Target Scheme.</p> <ol style="list-style-type: none"> a) Following schemes of the Fund shall be Target schemes for Dividend Sweep Facility: <ul style="list-style-type: none"> • DHFL Pramerica Large Cap Fund • DHFL Pramerica Equity Income Fund • DHFL Pramerica Balanced Advantage Fund • DHFL Pramerica Mid Cap Opportunities Fund • DHFL Pramerica Long Term Equity Fund b) Dividend Sweep Facility would be available only in the Weekly, Monthly, Quarterly & Annual Dividend options. c) The minimum amount of investment is not applicable for investment made through DSF. d) The dividends so transferred and invested in Target Scheme shall be constructive payment of dividends to the Unit holder/s and constructive receipt of the same amount from each Unit holder for investment in units of Target Scheme. e) The Units allotted in the Target scheme against investment via DSF will be subject to the applicable Exit Load of the Target scheme. f) Unit holders who wish to enroll for the DSF are required to submit a prescribed DSF Enrolment Form complete in all respects at any ISCs. g) The enrolment for DSF facility shall be for all units under the Dividend Option (i.e., partial Dividend Sweep is not permitted). h) Enrolment under the DSF facility will automatically override any previous instructions of the Unitholder for 'Dividend Reinvestment', in the Source Scheme and will also apply to additional units allotted in the Source Scheme subsequently on account of additional subscription / switch-in / SIP / STP etc.

- i) The request for enrolment for DSF must be submitted at least seven (7) days prior to the Record Date for the dividend in the Source Scheme. Hence investors should submit the DSF enrolment request sufficiently in advance. In case of this condition not being met, the DSF enrolment would be effective from the immediately succeeding Record Date of the dividend in the Source Scheme. Consequently, the treatment of dividend declared between the date of acceptance of the DSF Enrolment Form and date of registration thereof by the Registrar, shall be: in case of existing investors, as per the option selected by the Investor at the time of investment in the Source Scheme; and in case of new investors, as per the default option specified in the SID of the Source Scheme shall apply.
- j) Investors may opt out of DSF facility at any time by submitting a written request at least seven (7) days prior to the Record Date for the dividend in the Source Scheme. Any dividend declared in the Source Scheme during the interim period will be transferred to the Target Scheme. In case a unitholder opts out of DSF, the balance units in the folio would continue under the default option specified in the SID of the Source Scheme.
- k) The AMC reserves the right to change/ modify the terms and conditions of the DSF without prior notice or without assigning any reason thereof. If DSF facility is withdrawn from any Source Scheme or Target Scheme, the units of such investors who have opted for DSF will be continued under the default option specified in the SID of the Source Scheme and the unitholders will be sent suitable intimation in this regard.
- l) It must be distinctly understood that the actual declaration of dividend and frequency thereof is at the sole discretion of Board of Directors of the Trustee Company. There is no assurance or guarantee to the Unit holders as to the rate of dividend distribution nor that will the dividend be paid regularly.

Mode of Payment	Monthly & Quarterly	a) Electronic Clearing Service (ECS) b) Direct Debit mandate through selected banks with whom AMC has an arrangement. c) Post-Dated Cheques (PDCs). d) National Automated Clearing House (NACH) Facility.

Investors may enroll for the SIP facility by submitting duly completed SIP Enrolment Form at any OPA.

If the SIP period is not specified by the unit holder then the SIP enrolment will be deemed to be for perpetuity and processed accordingly.

If any SIP installment due date falls on a non-Business day, then the respective transactions will be processed on the next Business day. The SIP enrollment will be discontinued if (a) 3 consecutive SIP installments in case of Monthly & Quarterly frequency are not honored. (b) the Bank Account (for Standing Instruction) is closed and request for change in bank account (for Standing Instruction) is not submitted at least 21 days before the next SIP Auto Debit installment due date.

Subscription in SIP through post-dated cheques: The date of the first cheque shall be the same as the date of the initial investment while the remaining cheques shall be post dated uniformly as per the SIP transaction date opted. An Investor is eligible to issue only one cheque for each month in the same SIP enrolment form. All the cheques under a SIP mandate should be of the same amount and same SIP transaction date opted. Cheques should be drawn in favour of the Scheme and crossed "A/c Payee only". The Investor will be intimated on successful registration of SIP. The Post Dated cheques will be presented on the dates mentioned on the cheques.

SIP Subscription through Electronic Clearing Service (ECS) /Direct Debit: New investor enrolling for SIP via ECS or Direct Debit Facility, must fill-up the prescribed Common Application Form and SIP Auto Debit Form and submit along with a cancelled cheque leaf of the bank account for which the ECS / Direct Debit mandate is provided.

For an existing Investor, to enroll for SIP ECS Debit facility or Direct Debit Facility, an Investor must fill-up the SIP Application Form for SIP ECS / Direct Debit facility. Investors shall be required to submit a cancelled cheque leaf of the bank account for which the ECS / debit mandate is provided.

Investors should note that there should be a gap of at least 30 days between submission of SIP application form and first SIP installment.

Investors may choose to discontinue subscription under the SIP at any time by submitting a written request at any of the OPA/ISC. Notice of such discontinuance should be received at least 21 days prior to the due date of the next SIP installment.

Units under SIP will be allotted at the Applicable NAV of the respective SIP transaction dates as per SIP mandate. In case the SIP date falls on a non-Business Day or falls during a Book Closure period, the immediate next Business Day will be considered for this purpose.

An extension of an existing SIP mandate will be treated as a fresh mandate on the date of receipt of such application, and all the above conditions need to be met with.

The Load structure prevailing at the time of submission of the SIP application (whether fresh or extension) will apply for all the SIP installments indicated in SIP enrolment form.

SIP Transaction Charges : Please refer to Section III (E)

Please refer to the SIP Enrolment form for terms and conditions before enrolment. The AMC reserves the right to modify the provisions of the SIP as deemed appropriate from time to time.

Transfer To PMS Facility:

Transfer To PMS Facility (hereinafter referred to as "TTPMS facility") is a facility that enables the investors of the Scheme who are also the clients as per the client agreement signed with DHFL Pramerica Asset Managers Pvt. Ltd. (the Portfolio Manager) for availing portfolio management services, to transfer specified amounts from the Scheme to portfolio management account on a recurrent basis for a specified period at specified frequency, by providing a single mandate / standing instruction. Please refer to TTPMS facility form available at www.dhflpramericapms.com for terms and conditions before enrolment. The AMC reserves the right to modify the provisions of the TTPMS facility as deemed appropriate from time to time.

Facility to transact in the Scheme through MF Utility Portal:

The AMC has entered into an arrangement with MF Utilities India Private Limited ("MFUI"), a SEBI registered Category II Registrar to an Issue, for usage of MF Utility Portal ("MFUP"), which acts as a transaction aggregation portal for transacting in multiple schemes of various mutual funds with a single form and a single payment instrument.

Investors/ prospective investors can submit their financial and non-financial transactions pertaining to the Scheme through MFUP either electronically on the online transaction portal of MFUI (www.mfuionline.com) or physically (in prescribed application form) at any of the authorised Point of Service locations ("MFU POS") designated by MFUI from time to time.

Online transaction portal of MFUI (www.mfuionline.com) will be an Official Points of Acceptance of Transactions ("OPA") for Scheme in addition to all the authorised MFUI POS designated by MFUI from time to time as the OPA for schemes of the Fund in respect of the transactions in the Scheme routed through MFUP by the investors / distributors.

The uniform cut-off time as prescribed by SEBI and as mentioned in the SID / KIM of the Scheme shall be applicable for transactions received by MFUI.

Investors are requested to note that, MFUI will allot a Common Account Number ("CAN"), a single reference number for all investments in the Mutual Fund industry, for transacting in multiple schemes of various mutual funds through MFUP and to map existing folios, if any. Investors can create a CAN by submitting the CAN Registration Form and other necessary documents at any of the MFUI POS. For facilitating transactions through MFUP, the AMC/ the Fund/ its Registrar and Transfer Agent ("R&T") will be required to furnish and disclose certain information / details about the investor(s), which may include certain personal information including financial information, with MFUI and / or its authorised service providers. Investors transacting through MFUP shall be deemed to have consented and authorised the AMC/ the Fund/R&T to furnish and disclose all such information to MFUI and/or its authorised service providers as may be required by MFUI from time to time.

The transactions routed through MFUP shall be subject to the terms & conditions as may be stipulated by MFUI / the AMC/ the Fund from time to time. Further, investments in the schemes of the Fund routed through MFUP shall continue to be governed by the terms and conditions stated in the SID of the respective scheme(s).

To know more about MFUP and the list of authorised MFUI POS, please visit the MFUI website (www.mfuindia.com). For any queries or clarifications related to MFUP, please contact the Customer Care of MFUI on 1800-266-1415 (during the business hours on all days except Sunday and Public Holidays) or send an email to clientservices@mfuindia.com.

For any escalations and post-transaction queries pertaining to the schemes of the Fund, the investors should contact the AMC /R&T.

If any employee is not KYC compliant as on the date of vesting, the vesting will not be carried out for the said employee and the amount shall continue to remain invested in the Employer's folio.
- f) The redemption of units from the employer's folio shall be subject to exit load, as applicable from time to time.
- g) It shall be the responsibility of the employer/investor to deduct and deposit any tax including income tax payable for the amount vested in the name of the particular employee and if the employer/investor informs the AMC about the tax liability of the employees (at least 5 business days prior to the vesting date), the AMC shall assist the employer/investor to do the vesting (net of taxes), as intimated. i.e. on vesting, based on the confirmation from the Employer/Investor, the AMC will redeem the employees' allocation from the Employer/Investor's folio and:-
 - (i) retain the amount of taxes under the employer / investor folio or remit to the employer / investor an amount equivalent to the tax liability of the employees on account of this investment and
 - (ii) reinvest the balance amount in the name of the respective employees.

- h) The Employer/investor and the employee(s) shall submit a prescribed "Third Party Declaration Form" confirming the relationship of the Third Party ("Employer") with the beneficiary ("Employee") and the third party payment by the Employer/Investor on behalf of the Employee for the subscriptions processed on the vesting date. In case the Employer does not submit the vesting request along with necessary documents including the third party declaration forms by the vesting date, units will not be vested and will continue to remain invested in the Employers' folio.
- i) If the Employer/Investor opts to redeem partially before the actual vesting period & receive the redemption proceeds, then the Employer/Investor must submit Redemption request along with the names of employees against whose allocation the redemption units / amount should be adjusted.
- j) The AMC will provide the Employer on a periodical basis with an account statement and the employee allocation annexure, only to the registered email id of the contact person (employer), which will reflect all the transactions done by the Employer/Investor during the corresponding period and the Employee Allocation details. The Employer/Investor shall check the account statement and the Employee Allocation Annexure carefully. If the Employer/Investor believes that there has been a mistake in any transaction using the Facility, or that unauthorized transaction has been effected, the Employer/Investor shall notify the AMC immediately. If the Employer/Investor defaults in intimating the discrepancies in the statement within a period of 15 days of receipt of the statements/ allocation details, then Employer/Investor waives all his rights to raise the same in favour of the AMC, unless the discrepancy /error is apparent on the face of it.
- k) The Employer/Investor(s) agrees and confirms that the AMC may at its sole discretion suspend the Facility in whole or in part at any time without prior notice. The Employer/Investor(s) shall not assign any right or interest or delegate any obligation arising herein.
- l) The AMC shall specify the minimum investment amount to avail this facility, eligible schemes available under this facility, etc, from time to time.
- m) The Employer/Investor(s) agrees and confirms that nothing in this arrangement or facility shall render the AMC a partner, agent or representative of the Employer/Investor(s) and that the Employer/Investor(s) shall not make any representations to its employees or to any third party or give any warranties which may require the AMC to undertake or be liable for, whether directly, or indirectly, any obligation and/or responsibility to the employees of the Employer/Investor(s) or any third party.
- n) The Employer/Investor(s) agrees and acknowledges that the AMC will not be liable to provide any report or confirmation including the employee allocation or any periodical report in this regard to the employees. All the communication from the AMC regarding the services available under this Facility shall be addressed only to the Employer/Investor(s).
- o) The Employer/Investor/s agrees that use of the Facility will be deemed acceptance of the Terms and Conditions and the Investor(s) will unequivocally be bound by it.

DHFL Pramerica Power Goals:-

DHFL Pramerica Power Goals ('the Facility') is a PE (Price to Earnings Ratio) variation based asset allocation facility with rebalancing features. The Facility would help the investors in making investments in equity and debt/liquid schemes of DHFL Pramerica Mutual Fund ('the Fund') based on an asset allocation suggested by a proprietary model developed by the AMC and rebalance the same. Following are the features of the Facility:

- (a) The initial investment under the Facility shall be made to a specific scheme of the Fund identified by the AMC ('herein referred as the Feeder Fund'), which is currently, DHFL Pramerica Ultra Short Term Fund;
- (b) Investment under the Facility into the Feeder Fund can be made through any one of these modes, viz. (1) Lump-sum Investment; (2) Systematic Investment Plan (SIP); (3) Lump-sum investment with SIP; or (4) Lump-sum investment with Systematic Transfer Plan (STP);
- (c) The investor shall identify and designate one equity scheme of the Fund (for equity allocation) and one debt/liquid scheme of the Fund (for debt allocation) in which the investments shall be made under the Facility. Please note that the debt/liquid scheme so chosen by the investor for the purpose of debt allocation cannot be the Feeder Fund.
- (d) The allocation towards the designated equity scheme shall be arrived through calculation of variation from long-term average Nifty 50 PE (see table below) and the balance allocation shall be in the designated debt scheme.

Variation from long-term average PE*	% Equity Allocation
Less than -20%	100%
Between -20% to -11%	100%
Between -10% to 0%	100%
Between 1% to 10%	80%
Between 11% to 20%	60%
Between 21% to 30%	40%
Between 31% to 40%	0%
Above 40%	0%

*Trailing PE of CNX Nifty is observed on a 20 days moving average basis as at the month-end and compared to long-term average PE (from January 1999) to calculate the Variation.

- (e) Based on the variation from the long-term average PE (refer above table), the investments (i.e. cleared units) in the Feeder Fund shall be switched to the designated equity scheme (i.e. equity allocation) and to the designated debt scheme (i.e. debt allocation) on the 1st business day of every month.
- (f) The Facility would also re-balance the clear units in the folio on the 1st business day of every month (where applicable) (i.e. investments in the designated equity and debt schemes) based on PE Variations (see table below).

Variation from longterm average PE*	Rebalancing	
	% of Outstanding Equity Units Moved Out to Debt	% of Outstanding Debt Units Moved Into Equity
Less than -20%	–	100%
Between -20% to -11%	–	50%
Between -10% to 0%	–	10%
Between 1% to 10%	–	–
Between 11% to 20%	–	–
Between 21% to 30%	–	–
Between 31% to 40%	50%	–
Above 40%	100%	–

*Trailing PE of CNX Nifty is observed on a 20 days moving average basis as at the month-end and compared to long-term average PE (from January 1999) to calculate Variation.

- (g) All investments under the Facility shall be under a unique identified folio. By subscribing to this facility the investor(s) authorises the AMC to carry out the switch from the Feeder Fund to designated equity and debt funds and switch between equity and debt funds (on reallocation) without any further instructions or authorisations from the investor(s).
- (h) Investors are requested to note that the applicability of NAV on switch of units from the Feeder Fund to designated equity and debt schemes and switch between equity and debt schemes (on reallocation) shall be subject to the realization/utilization of funds, wherever applicable, as per the prevailing SEBI regulations/circulars, issued and amended from time to time. Further, investors shall not (at the instance of the investor) be allowed to switch within the designated equity and debt schemes within the folio which is part of the Facility and the minimum amount criteria applicable to the schemes shall not be applicable for switches within the Facility.
- (i) Investors are requested to note that all switches between (i.e. Switch of units from the Feeder Fund to designated equity and debt schemes and switch between equity and debt schemes) shall be subject to the applicable exit load of the respective schemes. The redemption of units from the folio shall be subject to exit load as applicable to the respective schemes.
- (j) Investors shall register to avail this Facility by submitting the “DHFL Pramerica Power Goals Application form” to the AMC/ISC. This form also includes the terms and condition applicable to the Facility and the same shall be available on the website of the mutual fund, www.dhflpramericamf.com.
- (k) The Investor(s) agrees and confirms that the AMC may at its sole discretion suspend the Facility in whole or in part at any time without prior notice. The Investor/s agrees that subscription to this Facility will be deemed acceptance of the terms and conditions and the investor(s) will unequivocally be bound by these Terms and Conditions.

The AMC reserves the right to discontinue any of the aforesaid facilities at any point of time.

Accounts Statements

- The unit holders whose valid application for subscription has been accepted by the Fund, a communication specifying the number of units allotted, in the form of an email and/or SMS at the registered email address and/or mobile number, shall be sent within 5 business days from the date of receipt of transaction request or closure of the initial subscription list.
- Thereafter, a Common Account Statement ('CAS') shall be issued which shall enable a single consolidated view of all the investments of an investor in mutual funds and securities held in demat form with the Depositories. CAS shall contain details relating to all the transactions carried out by the investors across all schemes of all mutual funds during the month and holding at the end of the month including transaction charges paid to the distributor.
- The following shall be applicable with respect to CAS, for unit holders having a Demat Account:-
 - i. Investors having mutual funds investments and holding securities in Demat account shall receive a CAS from the Depository;
 - ii. CAS shall be issued on the basis of PAN. In case of multiple holding, it shall be PAN of the first holder and pattern of holding. The CAS shall be generated on a monthly basis.
 - iii. If there is any transaction in any of the Demat accounts or in any of the mutual fund folios of the investor, depositories shall send the CAS within ten days from the month end. In case there is no transaction in any of the mutual fund folios and demat accounts then CAS with holding details shall be sent to the investor on half yearly basis.

	<p>iv. Investors will have an option not to receive CAS through the Depository. Investors who do not wish to receive CAS through the Depository can indicate their negative consent to the Depository and such Investors will receive CAS from AMC / the Fund.</p> <ul style="list-style-type: none"> • Unit holders who do not have Demat account shall be issued the CAS for each calendar month on or before 10th of the immediately succeeding month in whose folio(s) transaction(s) has/have taken place during the month by physical form or email (wherever the investors have provided the email address). For the purpose of sending CAS, common investors across mutual funds shall be identified by their PAN. • As the CAS will be issued on the basis of PAN, the Unit holders who have not provided their PAN will not receive CAS. • Further, the CAS detailing holding across all schemes of all mutual funds at the end of every six months ended September 30 or March 31, shall be sent in physical form/email on or before tenth day of succeeding month to all such unit holders in whose folios transactions have not taken place during that period. The half-yearly CAS will be sent by email to the Unitholders whose email is available, unless a specific request is made to receive in physical. • In case of a specific request received from the Unitholders, the AMC will provide the account statement to the Unitholder within 5 Business Days from the receipt of such request. • If a Unitholder so requests, a non-transferable Unit certificate will be issued within 5 working days of the receipt of such request.
<p>Dividend</p>	<p>Under the Dividend Option, dividend will be declared as per the frequency indicated above or as may be decided as per the discretion of the Trustee, subject to availability of distributable surplus calculated in accordance with SEBI (MF) Regulations. It must be clearly understood that there is neither any assurance that the Dividend will be declared regularly nor any assurance as to the rate of Dividend. If the Record Date for dividend distribution falls on a Non-Business Day, the Record Date shall be immediately following Business Day.</p> <p>In accordance with SEBI Circular No. SEBI / IMD / Cir No.1 / 64057 / 06 dated April 4, 2006, the procedure for Dividend declaration / distribution for schemes having frequency of dividend distribution other than daily upto monthly frequency would be as under :</p> <ol style="list-style-type: none"> 1. Quantum of dividend and the record date will be fixed by the Trustee. Dividend so decided shall be paid, subject to availability of distributable surplus. 2. Within one calendar day of decision by the Trustee, the AMC shall issue notice to the public communicating the decision about the dividend including the record date, in one English daily newspaper having nationwide circulation as well as in a newspaper published in the language of the region where the head office of the Mutual Fund is situated. 3. The Record Date shall be the date, which will be considered for the purpose of determining the eligibility of investors whose names appear on the register of Unit holders for receiving dividends. The Record Date will be 5 calendar days from the date of issue of notice. <p>Procedure for Dividend Reinvestment:</p> <p>Under the Dividend Reinvestment, the dividend amount will be re-invested (at the applicable ex-dividend NAV) in the Dividend Option of the Scheme or in the Target scheme. The amount of dividend re-invested will be net of dividend distribution tax and statutory levy, if any. The additional Units created by way of reinvestment of dividend would be added to the units already held by the Unitholder. The dividends so re-invested shall constitute a constructive payment of dividends to the Unitholders and a constructive receipt of the same amount from each Unitholder. There shall be no load on the dividends so reinvested transferred.</p> <p>Procedure for Dividend Pay Out:</p> <p>The Dividend proceeds may be paid by way of cheque, Dividend warrant or remitted electronically by way of / Direct credits / ECS / National Electronic Fund Transfer (NEFT) / Real Time Gross Settlement (RTGS) or any other electronic manner, if sufficient bank account details of the unitholder are available with the Mutual Fund to the Unitholder's bank account as recorded in the Registrar's records, within 30 days of the date of declaration of the dividend.</p> <p>In case of specific request for dividend payment through the physical mode or unavailability of sufficient bank details with the Mutual Fund, the Dividend will be paid by dividend warrant / cheque / demand draft and payment will be made in favour of the sole / 1st Unit holder with bank account details furnished to the Mutual Fund.</p> <p>The AMC, at its discretion at a later date, may choose to alter or add other modes of payment.</p> <p>Effect of Dividend:</p> <p>Upon payment of Dividend (including reinvestment of Dividend), the NAV attributable to Units in the respective Dividend Option will stand reduced by the dividend amount, and the dividend distribution tax and statutory levy, if any. The NAV of the Growth Option will remain unaffected by the payment of Dividend.</p>

	<p>Although the Scheme will have a common portfolio for both Growth and Dividend Options, the NAVs of the two Options will be distinctly different after declaration of the first Dividend to the extent of income distributed, distribution tax and statutory levy thereon.</p> <p>Please refer to Section 6. B. 12 of the SAI for details on Unclaimed Redemptions and Dividends.</p>
<p>Redemption</p>	<p>The redemption proceeds shall be dispatched to the unitholders within 10 business days from the date of receipt of redemption application, complete / in good order in all respects.</p> <p>A Transaction Slip may be used by the Unit Holder to request for Redemption. The requisite details should be entered in the Transaction Slip and submitted at any ISC / OPA. Transaction Slips are available at all the ISCs / OPAs/ the website of the Mutual Fund. For Investors convenience, the Mutual Fund also provides Online Transaction facility on its Website for transacting in units of the Mutual Fund's schemes. It is mandatory for the investors to provide their Bank account details as per SEBI guidelines.</p> <p>Procedure for payment of redemption proceeds</p> <p>1. Resident Investors</p> <p>Redemption proceeds will be paid to the investor through RTGS, NEFT, Direct Credit, Cheque or Demand Draft.</p> <p>a) If investor has provided IFSC code in the application form, by default redemption proceeds shall be credited to Investor's bank account through RTGS / NEFT.</p> <p>b) If the Investor has not provided IFSC code but has a bank account with a bank with whom the Fund has an arrangement for Direct Credit, the proceeds will be paid through direct credit.</p> <p>c) If the Investor's bank account does not fall under a) and b) above the Redemption proceeds will be paid by cheque or demand draft, marked "Account Payee only" and drawn in the name of the sole holder / first-named holder (as determined by the records of the Registrar).</p> <p>The bank name and bank account number of the sole / first holder as specified in the Registrar's records will be mentioned in the cheque / demand draft. The cheque / demand draft will be payable at the city, as per the bank mandate of the investor. Please refer SAI for details.</p> <p>The redemption proceeds will be sent by courier or (if the addressee city is not serviced by the courier) by registered post / UCP to the registered address of the sole / first holder as per the records of the Registrars. For the purpose of delivery of the redemption instrument, the dispatch through the courier / Postal Department, as the case may be, shall be treated as delivery to the investor.</p> <p>The AMC / Registrar are not responsible for any delayed delivery or non-delivery or any consequences thereof, if the dispatch has been made correctly as stated above.</p> <p>The AMC reserves the right to change the sequence of payment from (a) to (c) without any prior notice.</p> <p>2. Non-Resident Investors</p> <p>For NRIs, Redemption proceeds will be remitted depending upon the source of investment as follows:</p> <p>(i) Repatriation basis: Where Units have been purchased through direct remittance from abroad or by cheque/ draft issued from proceeds of the Unit Holder's FCNR deposit or from funds held in the Unit Holder's Non Resident (External) account maintained in India the proceeds will be remitted to the Unitholder's bankers in India for crediting his/her NRE/FCNR bank account.</p> <p>(ii) Non-Repatriation basis: When Units have been purchased from funds held in the Unit Holder's non-resident (Ordinary) account, the proceeds will be sent to the Unit Holder's Indian address / bankers for crediting to the Unit Holder's non-resident (Ordinary) account.</p> <p>For FIIs, the designated branch of the authorized dealer may allow remittance of net sale / maturity proceeds (after payment of taxes) or credit the amount to the Foreign Currency account or Non-resident Rupee account of the FII maintained in accordance with the approval granted to it by the RBI.</p> <p>The Fund will not be liable for any delays or for any loss on account of any exchange fluctuations, while converting the rupee amount in foreign exchange in the case of transactions with NRIs/ FIIs. The Fund may make other arrangements for effecting payment of Redemption proceeds in future.</p> <p>Effect of Redemptions</p> <p>The number of Units held by the Unit Holder in his/ her/ its folio will stand reduced by the number of Units Redeemed. Units once redeemed will be extinguished and will not be re- issued. The normal processing time may not be applicable in situations where such details are not provided by investors/ Unit holders. The AMC will not be responsible for any loss arising out of fraudulent encashment of cheques and/or any delay/ loss in transit.</p> <p>Where Units under a Scheme are held under both Regular and Direct Plans and the redemption / Switch request pertains to the Direct Plan, the same must clearly be mentioned on the request (along with the folio number), failing which the request would be processed from the Regular Plan. However, where Units under the requested Option are held only under one Plan, the request would be processed under such Plan.</p>

<p>Delay in payment of redemption / repurchase proceeds</p>	<p>The redemption or repurchase proceeds shall be dispatched to the unitholders within 10 Business days from the date of redemption or repurchase. The AMC shall be liable to pay interest to the Unit holders @ 15% p.a. or such other rate as may be prescribed by SEBI from time to time, in case the Redemption / Repurchase payment is not made within 10 Business days from the date of receipt of the valid Redemption / Repurchase application, complete in all respect.</p> <p>Note: The AMC will not be liable to pay any interest or compensation in case of any delay in processing the redemption application beyond 10 Business Days in case of any deficiency in the redemption application or if the AMC / RTA is required to obtain from the Investor / Unit holders any additional details for verification of identity or bank details etc. under applicable regulations.</p>
<p>Bank Mandate</p>	<p>It is mandatory for the every sole / first applicant / Unitholder to provide the name of the bank, branch, address, account number and account type as per requirements SEBI guidelines and any other requirements stated in the Application Form. Further, in case the cheque for purchase of units is issued from a bank account which is different from the Bank Mandate mentioned in the application form or if the payment is made through a bank draft, the investor needs to provide a cancelled cheque leaf, for the purpose of verification along with the application form. Without these details, the application will be treated as incomplete and is liable to be rejected by the Registrar/AMC.</p> <p>Multiple Bank Mandate Registration for non-demat holders.</p> <p>Investors (holding units in physical account statement) may register multiple Bank Mandates in a single folio using a prescribed Multiple Bank Mandate Registration form which is available at all ISCs/OPAs and also on the Mutual Fund's website. The said form needs to be accompanied with cancelled cheque leaves for all the bank mandates which the investor seeks to register under a folio. For details, please refer to SAI.</p> <p>Note: For Units held in demat mode, the bank mandate shall be as per bank details registered with the DP.</p>
<p>Transaction Charges</p>	<p>Please refer to highlights of the scheme for details.</p>
<p>Option to hold units in dematerialized (Demat) form</p>	<p>The investors shall have an option to hold the Units in demat mode, except for units held under Dividend Options where dividend distribution frequency is less than one month. However, for SIP transactions, while the units in will be allotted based on the applicable NAV as per the respective SIDs, the same will be credited to unitholder's Demat account on a weekly basis, upon realization of funds/ credit confirmation. For example, for fund realization/ credit confirmation received from the bankers from Monday to Friday of a week, the Units will be credited to unitholder's Demat account with the DP in the following week on Monday.</p> <p>To hold the Units in demat mode, the investor will be required to have a beneficiary account with a Depository Participant (DP) of the NSDL/CDSL and will be required to mention in the application form, DP's Name, DP ID and Beneficiary Account No. with the DP at the time of subscribing to the Units. If a Unit holder desires to opt for dematerialization of units held under physical account statement at a later date, he will be required to make an application to AMC/ RTA/DP in Conversion Request Form (available on the website of the Mutual Fund or with the DPs) along with Statement of Account, a copy of Client Master Report (CMR) or Transaction Statement (only the page of Transaction Statement reflecting the name and pattern of holding) issued by its Depository Participant. Application for issue of Units in demat mode may be submitted to any of the OPAs / ISCs or DPs. The AMC will endeavor to credit the Units to the Beneficiary Account of Unit holder within two working days from the date of clearance of the investor's cheque or receipt of demat request .</p> <p>In case the unit holders do not provide their Demat Account details, or the demat details provided in the application form are incomplete / incorrect or do not match with the details with the Depository records, the Units will be allotted in physical account statement mode provided the application is otherwise complete in all respect and accordingly, an Account Statement shall be sent to them.</p>
<p>Rematerialisation of units held in Demat form:</p>	<p>Units of the Scheme held in demat may be converted into physical account statement mode via rematerialisation process. Rematerialization of Units ('remat') will be in accordance with the provisions of SEBI (Depositories & Participants) Regulations, 1996. The investor will need to submit a remat request to his/her DP for rematerialisation of holdings in his/her account. If there is sufficient balance in the investor's account, the DP will generate a Rematerialisation Request Number (RRN) and the same is entered in the space provided for the purpose in the rematerialisation request form. The DP will then despatch the request form to the AMC/ RTA. The AMC/ RTA accepts the request for rematerialisation prints and despatch the account statement to the investor and send electronic confirmation to the DP. DP shall inform the investor about the changes in the investor account following the acceptance of the remat request.</p>
<p>Listing & Transfer</p>	<p>Being open-ended Scheme under which the Subscription and Redemption of Units will be made on a continuous basis, the Units of the Schemes are not proposed to be listed on any stock exchange. However, the AMC in consultation with the Trustee may list the Units on one or more Stock Exchanges at a later date. In such an event, the AMC will make suitable public announcement to that effect.</p> <p>Units held in Demat form are transferable in accordance with the provisions of SEBI (Depositories and Participants) Regulations through off market deals or in accordance with the stock exchange rules, upon the Scheme being listed. Transfers should be only in favour of transferees who are eligible for holding Units under the Scheme. Units of the Scheme held in physical mode are non-transferable.</p>

	<p>If a person becomes a holder of the Units consequent to operation of law, or upon enforcement of a pledge, the Mutual Fund will, subject to production of satisfactory evidence, effect the transfer, if the transferee is otherwise eligible to hold the Units. Similarly, in cases of transmission of Units consequent on the death of a unitholder, the transferee's name will be recorded by the AMC / Registrar subject to production of satisfactory evidence and completing the requisite procedure / documentation (as explained in SAI).</p>
<p>The policy regarding reissue of repurchased units (including the maximum extent, the manner of reissue, the entity (the scheme or the AMC) involved in the same.</p>	<p>The Scheme does not propose to reissue Redeemed Units.</p>
<p>Restrictions, if any, on the right to freely retain or dispose of units being offered.</p>	<p>Units of the Scheme held in physical Account Statement are non-transferable. Units of the Scheme are presently not proposed to be listed on any stock exchange. Only the Units of the held in dematerialized form are transferable through off-market deals, in accordance with the provisions of SEBI (Depositories and Participants) Regulations, as may be amended from time to time, as mentioned above under section "Listing & Transfer".</p> <p>Pledge of Units:</p> <p>a. Units held in demat mode:</p> <p>The Units held in demat mode can be pledged as per the provisions of Depositories Act and Rules and Regulations framed by Depositories.</p> <p>b. Units held in physical mode:</p> <p>The Units held in physical mode under the Scheme may be offered as security by way of a pledge / charge in favour of scheduled banks, financial institutions, non-banking finance companies (NBFCs), or any other body as decided by the AMC.</p> <p>The AMC / Registrar will note and record such Pledge of Units. The AMC shall mark a lien only upon receiving the duly completed form and documents as may be prescribed. Disbursement of such loans will be entirely at the discretion of the bank / financial institution / NBFC concerned (hereinafter referred to as the "Pledgee") and the Mutual Fund/AMC assumes no responsibility thereof. The Pledgor will not be able to redeem Units that are pledged, until the Pledgee to whom the Units are pledged provides written authorisation to the Mutual Fund that the pledge / lien charge may be revoked. Further, the Pledgee will have complete authority to redeem such Units so long as the Units remain under pledge.</p> <p>Right to limit Redemption:</p> <p>The AMC may, under the below mentioned circumstances, impose restriction on redemption (including switch-outs) for a period not exceeding 10 working days in any 90 days period. Such restriction may be imposed when there are circumstances leading to a systemic crisis or event that severely constricts market liquidity or the efficient functioning of markets such as:</p> <ul style="list-style-type: none"> — Liquidity issues - When market at large becomes illiquid affecting almost all securities rather than any issuer specific security; — Market failures, exchange closures - When markets are affected by unexpected events which impact the functioning of exchanges or the regular course of transactions. Such unexpected events could also be related to political, economic, military, monetary or other emergencies; — Operational issues - When exceptional circumstances are caused by force majeure, unpredictable operational problems and technical failures (e.g. a black out). <p>However, such restriction would not be applicable to the redemption (including switch-outs) requests received for upto INR 2 Lakhs. In case of redemption (including switch-outs) requests above INR 2 Lakhs, the AMC shall redeem the first INR 2 Lakhs without such restriction and remaining part over and above INR 2 Lakhs shall be subject to such restriction.</p> <p>Any imposition of restriction on redemption (including switch-outs) of units of the Scheme shall be made applicable only after specific approval of Board of AMC and Trustee and the same shall also be informed to SEBI immediately.</p>

C. PERIODIC DISCLOSURES

<p>Net Asset Value</p> <p>This is the value per unit of the scheme on a particular day. You can ascertain the value of your investments by multiplying the NAV with your unit balance.</p>	<p>The AMC will calculate and disclose the NAV of the Scheme on all the Business Days. The NAV of the Scheme shall be published at least in two daily newspapers having Nationwide circulation on daily basis in accordance with the Regulations. The AMC shall update the NAVs on the website of the AMC (www.dhflpramerica.com) and of the Association of Mutual Funds in India – AMFI (www.amfiindia.com) before 9.00 p.m. on every Business Day. If the NAVs are not available before the commencement of Business Hours on the following day due to any reason, the Mutual Fund shall issue a press release giving reasons and explaining when the Mutual Fund would be able to publish the NAV.</p>

D. COMPUTATION OF NAV

NAV of Units under the Scheme may be calculated by either of the following methods shown below:

$$\text{NAV (Rs.)} = \frac{\text{Market or Fair Value of Scheme's investments + Current Assets - Current Liabilities and Provisions}}{\text{No. of Units outstanding under the Scheme}}$$

Or

$$\text{NAV (Rs.)} = \frac{\text{Unit Capital + Reserves and Surplus}}{\text{No. of Units outstanding under the Scheme}}$$

Note:

- The NAV is rounded off upto 4 decimal places.
- Separate NAV will be calculated and disclosed for each Plan/Option.
- The AMC will calculate and disclose the NAV of the Scheme on all the Business Days.
- The valuation of the Scheme's assets and computation of the Scheme's NAV shall be subject to audit on an annual basis and such regulations as may be prescribed by SEBI from time to time.

E. TRANSACTION CHARGES:

In accordance with SEBI Circular No. IMD/ DF/13/ 2011 dated August 22, 2011 read with circular no. CIR/ IMD/ DF/ 21/ 2012 dated September 13, 2012, the AMC/ Fund shall deduct a Transaction Charge on per purchase / subscription of Rs. 10,000/- and above, as may be received from new investors (an investor who invests for the first time in any mutual fund schemes) and existing investors. Such deduction shall be as under (provided the distributor has opted in to receive the transaction charges):-

- For the new investor a transaction charge of Rs 150/- shall be levied for per purchase / subscription of Rs 10,000/- and above; and
- For the existing investor a transaction charge of Rs 100/- shall be levied for per purchase / subscription of Rs 10,000/- and above.

The transaction charge shall be deducted from the subscription amount and paid to the distributor and the balance amount (net of transaction charges) shall be invested. The transaction charges and the net investment amount and the number of units allotted will be clearly mentioned in the Account Statement issued by the Mutual Fund. Distributors may choose to either option to opt-in or opt out of charging the transaction charge.

In case of investments through Systematic Investment Plan (SIP) the transaction charges shall be deducted only if the total commitment through SIP (i.e. amount per SIP installment x No. of installments) amounts to Rs. 10,000/- and above. In such cases, the transaction charges shall be deducted in 3-4 installments.

However, the Transaction charges shall not be deducted if:

- a) The amount per purchases /subscriptions is less than Rs. 10,000/-;
- b) The transaction pertains to other than purchases/ subscriptions relating to new inflows such as Switch/STP, etc.
- c) Purchases/Subscriptions made directly with the Fund through any mode (i.e. not through any distributor/agent).
- d) The Distributor has opted out for levy of transaction charges.

Upfront commission to distributors shall continue to be paid by the investor directly to the distributor by a separate cheque based on his assessment of various factors including the service rendered by the distributor.

IV. Fees and Expenses

This section outlines the expenses that will be charged to the scheme.

A. NEW FUND OFFER (NFO) EXPENSES

These expenses are incurred for the purpose of various activities related to the NFO like sales and distribution fees marketing and advertising, Registrar expenses, printing and stationary, bank charges etc.

B. ANNUAL SCHEME RECURRING EXPENSES

These are the fees and expenses for operating the Scheme. These expenses include the Investment Management and Advisory Fee charged by the AMC, Registrar and Transfer Agents' Fee, marketing and selling costs etc. as given below:

- a. The maximum annual recurring expenses that can be charged to the Scheme, excluding issue or redemption expenses, whether initially borne by the mutual fund or by the AMC, but including the investment management and advisory fee shall be as follows:

On the first Rs. 100 crores of the daily net assets	2.25%
On the next Rs. 300 crores of the daily net assets	2.00%
On the next Rs. 300 crores of the daily net assets	1.75%
On the balance of the assets	1.50%

- b. In addition to the annual recurring expenses stated in (a) above, the following costs or expenses may be charged to the Scheme:-

- i. Brokerage and transaction costs which are incurred for the purpose of execution of trade and is included in the cost of investment, not exceeding 0.12 per cent in case of cash market transactions and 0.05 per cent in case of derivatives transactions. The brokerage and transaction cost incurred for the purpose of execution of trade may be capitalized to the extent of 0.12 per cent and 0.05 per cent for cash market transactions and derivatives transactions respectively. Any payment towards brokerage and transaction cost, over and above the said 0.12 per cent and 0.05 per cent for cash market transactions and derivatives transactions respectively may be charged to the scheme within the maximum limit of annual recurring expenses as prescribed under (a) above.

- ii. Expenses not exceeding of 0.30 per cent of daily net assets, if the new inflows from such cities as specified by the Board from time to time are at least (i) 30 per cent of gross new inflows in the scheme, or (ii) 15 per cent of the average assets under management (year to date) of the scheme, whichever is higher.

Provided that if inflows from such cities is less than the higher of sub-clause (i) or sub-clause (ii), such expenses on daily net assets of the scheme shall be charged on proportionate basis. The expenses charged under this clause shall be utilised for distribution expenses incurred for bringing inflows from such cities. Provided further that amount incurred as expense on account of inflows from such cities shall be credited back to the scheme in case the said inflows are redeemed within a period of one year from the date of investment.

- iii. Additional expenses not exceeding 0.20 per cent of daily net assets of the scheme, towards the investment and advisory fees or various other permissible expenses;

- iv. Service tax on investment and advisory fees.

Within such total recurring expenses charged to the Scheme as above, the investment management and advisory fee (charged as a percentage of daily net assets) would be as decided by the AMC from time to time, provided that the investment management and advisory fee shall not exceed the aggregate of expenses charged under clause (a) and (b) (iii) above.

Service tax on other than investment and advisory fees, if any, and the service tax on brokerage and transaction cost paid for execution of trade shall be borne by the scheme within the maximum limit of annual recurring expenses stated in (a) above.

Further, the service tax on exit load, if any, shall be paid out of the exit load proceeds and the exit load net of service tax, if any, shall be credited back to the scheme.

In terms of SEBI circular no. CIR/IMD/DF/21/2012 dated September 13, 2012, the AMC shall annually set apart at least 0.02% on daily net assets within the maximum limit of recurring expenses as per Regulation 52 for investor education and awareness initiatives.

The maximum annual recurring expenses of the Scheme including the investment management and advisory fee (together with additional management fee wherever applicable) shall not exceed the limit stated in Regulation 52 read with aforesaid SEBI circular dated September 13, 2012, as explained above. Any excess over these specified ceilings would be borne by the AMC or the Trustee or the Sponsors.

The Direct Plan under the Scheme shall have a lower expense ratio as compared to the Regular Plan, excluding the distribution expenses, commission, etc. related to distributors. The Direct Plan shall also have separate NAV.

The AMC has estimated the following maximum expenses for the first Rs. 100 Crores of the daily net assets of the Scheme. For the actual current expenses being charged, the investor should refer to the website of the Mutual Fund.

Expense Head	% of daily Net Assets
Investment Management and Advisory Fees	Upto 2.25%
Trustee fee	
Audit fees	
Custodian fees	
RTA Fees	
Marketing & Selling expense incl. agent commission	
Cost related to investor communications	
Cost of fund transfer from location to location	
Cost of providing account statements and dividend redemption cheques and warrants	
Costs of statutory Advertisements	
Cost towards investor education & awareness (at least 2 bps)	
Brokerage & transaction cost over and above 12 bps for cash market trades and 5 bps for derivatives transactions	
Service tax on expenses other than investment and advisory fees	
Service tax on brokerage and transaction cost	
Other Expenses*	Upto 2.25%
Maximum total expense ratio (TER) permissible under Regulation 52 (6) (c) (i)	
Additional expenses under regulation 52 (6A) (c)	
Additional expenses for gross new inflows from specified cities	Upto 0.30%

*Any other expenses which are directly attributable to the Scheme, except those expenses which are specifically prohibited, may be charged with the approval of the Trustee within the overall limits specified in the SEBI (Mutual Funds) Regulations.

The purpose of the above table is to assist the investor in understanding the various costs & expenses that an investor in the Scheme will bear directly or indirectly. The above estimates have been made in good faith as per the information available to the AMC, and are subject to change inter-se, or in total, on account of any change in SEBI Regulations or otherwise. The actual expenses incurred may be higher or lower than the estimated rates mentioned above. The AMC will strive to reduce the level of these expenses so as to keep them well within the maximum limit allowed by SEBI, and expenses in excess of the above limit shall be borne by AMC. All types of expenses charged to the Scheme shall be in accordance with the SEBI (MF) Regulations.

Illustration of impact of expense ratio on scheme's returns

If the investor has invested Rs. 10,000 on April 30, 2015 under Regular Plan of the Scheme and value of his investment is Rs. 11,000 on April 30, 2016, his return on investment is 10% p.a. which is net of expense ratio @ 2.25% p.a. His return on investment before charging expense @ 2.25% p.a. would be Rs. 11,225 i.e. 12.25% p.a.

The present illustration is calculated pursuant to the requirements of SEBI Circular No. SEBI/HO/IMD/DF2/CIR/P/2016/42 dated March 18, 2016. The purpose of an illustration is to purely explain the impact of expense ratio charged to the Scheme and should not be construed as providing any kind of investment advice or guarantee of returns on investments. Actual returns on your investment may be more, or less. The expenses of the Direct Plan under the Scheme will be lower to the extent of distribution expenses/ commission. The NAVs published by the AMC are net of scheme expenses and they reflect return on investment to investors, provided investment is not subject to exit load. Any tax impact has not been considered in the above example, in view of the individual nature of the tax implications. Each investor is advised to consult his or her own financial advisor.

C. LOAD STRUCTURE

Load is an amount which is paid by the investor to subscribe to the units or to redeem the units from the scheme. This amount is used by the AMC to pay commissions to the distributor and to take care of other marketing and selling expenses. Load amounts are variable and are subject to change from time to time.

The load structure of the Scheme is as follows:

Type of Load	Load chargeable (as % of NAV)
Entry Load	NA [^]
Exit Load	Nil

[^]SEBI, vide circular no. SEBI / IMD / CIR No. 4 / 168230 / 09 dated June 30, 2009 has decided that there shall be no Entry Load for all Mutual Fund Schemes. Accordingly, the upfront commission payable to the distributor on investment made by the investor, if any, shall be paid directly by the investor to the distributor, based on the investor's assessment of various factors including service rendered by the distributor.

The entire exit load (net of service tax), charged, if any, shall be credited to the Scheme.

Exit Load for switches within the Scheme:-

- Where the investments were routed through a distributor (i.e. made with distributor code), any Switch of Units from the Regular Plan to Direct Plan of a Scheme shall be subject to applicable exit load, if any. However, any subsequent switch - out or redemption of such investments from the Direct Plan will not be subject to any exit load;
- Where investments were made directly i.e. without any distributor code, exit load will not be levied on switch of Units from Regular Plan to Direct Plan of that Scheme. However, any subsequent switch-out or redemption will be subject to exit load applicable from the original date of investment;

- No exit load shall be levied in case of switch of Units from Direct Plan to Regular Plan of a Scheme. However, any subsequent switch-out or redemption of such investment from the Regular Plan shall be subject to exit load based on the original date of investment in the Direct Plan.

The AMC / Trustee reserves the right to change / modify the Load structure of the Scheme, if deemed necessary in the interest of smooth and efficient functioning of the Mutual Fund, depending upon the circumstances prevailing at that time, subject to maximum limits as prescribed under the Regulations. However, the Redemption Price will not be lower than 93% of the NAV or as permitted / prescribed under the SEBI Regulations from time to time. Similarly, the difference between the Subscription Price and the Redemption Price shall not exceed the permitted limit as prescribed by SEBI from time to time which is presently 7% calculated on the Subscription Price.

Load exemptions:

- AMC shall not charge any load on issue of bonus units and units allotted on reinvestment of dividend for existing as well as prospective investors.
- No Exit Load will be charged on Intra-Scheme switches i.e., switches between Growth and Dividend Options.
- No exit load will be charged for switches and STP from any scheme to the equity schemes of DPMF (except DHFL Pramerica Arbitrage Fund). Further exit load as per prevailing structure will be charged for switches and STP from one debt scheme to another debt scheme.

Any change in the load structure shall be applicable on prospective investments only. For any change in load structure, the AMC will issue an addendum and display it on its Website (www.dhflpramericamf.com) and Investor Service Centers. The addendum will also be circulated to all the distributors / brokers, so that the same can be attached to all SIDs and Key Information Memoranda in stock till the same is updated and reprinted. The AMC would make arrangements to display the addendum to the SID in the form of a notice at all the Investor Service Centers. The change in the Exit Load along with the details may be stamped in the acknowledgement slip issued to the investors on submission of the Application Form and would also be disclosed in the statement of accounts issued after the introduction of such Load. A public notice shall be given in respect of the change in one English daily newspaper having nationwide circulation as well as in a newspaper published in the language of region where the head office of the Mutual Fund is situated. Any other measures which the Mutual Fund may feel necessary would be undertaken.

The investors are requested to check the prevailing load structure of the Scheme before investing.

For the current applicable exit load structure, please refer to the website of the AMC (www.dhflpramericamf.com) or may call at 1800 266 2667 (toll free no.) or your distributor.

D. WAIVER OF LOAD FOR DIRECT APPLICATIONS

In terms of SEBI circular no. SEBI / IMD / CIR No. 4 / 168230 / 09 dated June 30, 2009 there shall be no Entry Load for all mutual fund schemes.

Exit load is as specified under section IV C above, titled 'Load Structure'.
